

SINCLAIR OFFSET SCOPE LEVEL - SINCLAIR INTERNATIONAL OFFSET SCOPE LEVEL 1" MATTE BLACK

[Optics & Mounting](#) > [Optic Accessories](#) > [Scope Anti-Cant Devices](#)

The Sinclair Offset Scope Level has a unique offset design that allows the shooter to see the level while still behind the scope. The offset level attaches to the riflescope like a scope ring and can be positioned so the shooter can see it easily. The Sinclair Scope Level helps the shooter avoid loss of accuracy resulting from positioning (canting) the rifle differently each time. The machined aluminum Sinclair Offset Scope Level is available for 1 inch and 30 mm scope tubes. Available in matte black and satin silver finishes. The Sinclair Offset Scope Level can be mounted for use by right-hand or left-hand shooters.

Specific Safety Precautions for Use

- **Avoid Improper Installation:** Ensure the scope level is properly attached to the riflescope to prevent accidents during use.
- **Check for Damage:** Before each use, inspect the scope level for any signs of damage or wear. Do not use if damaged.
- **Maintain Focus:** Always keep your eyes on the target and ensure that the scope level is visible while aiming.
- **Use in Safe Environments:** Ensure you are in a safe shooting environment and follow all local laws and regulations regarding firearms.
- **Proper Handling:** Handle the scope level with care to avoid dropping or damaging it.

Instructions for Installation and Usage

1. Installation:

- Remove any existing scope rings or accessories from your riflescope if necessary.
- Position the Sinclair Offset Scope Level on the riflescope tube, ensuring it fits securely.
- Tighten the mounting screws evenly to ensure a secure fit without overtightening.
- Adjust the position of the scope level so that it is easily visible when aiming through the scope.

2. Usage:

- Before taking a shot, check the level indicator to ensure your rifle is properly aligned.
- Make adjustments to your stance or rifle position as needed to achieve a level aim.
- Regularly check the scope level for accuracy and functionality during use.

Disposal Instructions

- **Environmental Considerations:** Dispose of the Sinclair Offset Scope Level in accordance with local regulations concerning electronic waste and aluminum products.
