

# WILSON NECK REAMER - L.E. WILSON 7MM (0.2863"-0.2868") INSIDE NECK REAMER

[Reloading](#) > [Case Preparation](#) > [Case Neck Reamers](#)

Thick necks can cause high chamber pressures and erratic shooting. Wilson neck reamers remove excess neck material to insure adequate clearance exists between the case neck and the chamber. Also, these reamers can be used when forming wildcats from a parent case. Reamers are used in the Wilson trimmer in place of the trimmer cutter. Standard reamers are sized for use on fired, unsized cases and measure .0025" - .003" larger than bullet diameter. Custom size reamers can be ground (allow 6-8 week delivery).

## Attributes

- Name: [L.E. WILSON 7MM \(0.2863"-0.2868"\) INSIDE NECK REAMER](#)
- Manufacturer: [L.E. WILSON](#)
- Product no.: 749004337
- Mfr. No.: INR-070
- Caliber: 284/7 mm (.284)
- Delivery weight: 0.091kg
- Shipping height: 28mm
- Shipping width: 33mm
- Shipping length: 86mm
- UPC: 076683382528

# WILSON NECK REAMER L.E. WILSON 7MM Safety Instruction Guide

## Introduction

Thank you for choosing the WILSON NECK REAMER L.E. WILSON 7MM (0.2863"0.2868") INSIDE NECK REAMER. This guide provides essential safety instructions and guidelines to ensure safe and effective use of the product. Please read this document thoroughly before using the reamer.

## General Safety Guidelines

- Always handle the neck reamer with care to avoid injury.
- Ensure that the work area is clean and free of clutter to prevent accidents.
- Use the neck reamer only for its intended purpose as described in this guide.
- Keep the neck reamer out of reach of children and unauthorized users.
- Regularly inspect the neck reamer for any signs of damage or wear. Do not use if damaged.
- Wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, while using the reamer.
- Be aware of the potential hazards associated with the reaming process, including sharp edges and metal shavings.

## Specific Safety Precautions for Use

- Before starting, ensure that the case is securely positioned in the Wilson trimmer.
- Do not attempt to ream cases that are not fired or are improperly sized.
- Maintain a firm grip on the neck reamer during use to prevent slipping.
- Avoid excessive force when using the reamer; let the tool do the work.
- Always remove the neck reamer from the trimmer when not in use to prevent accidental injury.
- Dispose of metal shavings and debris safely to avoid cuts or injuries.

## Instructions for Installation and Usage

### 1. Installation:

- Remove the trimmer cutter from the Wilson trimmer.
- Insert the neck reamer into the designated slot of the trimmer.
- Ensure that the neck reamer is securely attached before proceeding.

### 2. Usage:

- Place the fired, unsized case into the trimmer.
- Activate the trimmer according to the manufacturer's instructions.
- Allow the neck reamer to cut until the desired neck thickness is achieved.
- Monitor the process closely to ensure proper reaming and avoid overcutting.
- Once finished, deactivate the trimmer and carefully remove the reamed case.

## Disposal Instructions

- Dispose of the neck reamer according to local regulations for metal products.
- Ensure that any metal shavings or debris generated during use are collected and disposed of safely.
- If the neck reamer is damaged beyond repair, recycle it if possible.

## **Contact Information for Further Support**

For any safety inquiries or further support regarding the WILSON NECK REAMER, please refer to the EUbased contact point provided by the manufacturer.

## **Conclusion**

By following these safety instructions and guidelines, you can ensure the safe and effective use of the WILSON NECK REAMER L.E. WILSON 7MM. Always prioritize safety and proper handling to enhance your reaming experience. Thank you for your attention to these important safety measures.
