

# WILSON NECK REAMER - L.E. WILSON 6.5MM (0.2665"-0.267") INSIDE NECK REAMER

[Reloading](#) > [Case Preparation](#) > [Case Neck Reamers](#)

Thick necks can cause high chamber pressures and erratic shooting. Wilson neck reamers remove excess neck material to insure adequate clearance exists between the case neck and the chamber. Also, these reamers can be used when forming wildcats from a parent case. Reamers are used in the Wilson trimmer in place of the trimmer cutter. Standard reamers are sized for use on fired, unsized cases and measure .0025" - .003" larger than bullet diameter. Custom size reamers can be ground (allow 6-8 week delivery).

## Attributes

- Name: [L.E. WILSON 6.5MM \(0.2665"-0.267"\) INSIDE NECK REAMER](#)

# WILSON NECK REAMER L.E. WILSON 6.5MM Safety Instruction Guide

## Introduction

Thank you for choosing the WILSON NECK REAMER L.E. WILSON 6.5MM. This product is designed to improve your shooting experience by ensuring proper chamber clearance. Please read this safety instruction guide carefully to understand how to use the reamer safely and effectively.

## General Safety Guidelines

- **Product Safety:** Ensure the safe use of the neck reamer and follow all instructions provided.
- **Enhanced Recalls:** Stay informed about any product recalls and safety notices.
- **Online Shopping:** If purchasing online, ensure the platform complies with safety regulations.
- **Special Consumer Focus:** Extra care should be taken when used by individuals who may not have experience with reamers.
- **EU Contact Point:** For any safety inquiries, please refer to the contact details provided by your retailer.
- **Rapid Alerts:** Regularly check for updates on unsafe products via the EU Safety Gate system.

## Specific Safety Precautions for Use

- Always wear appropriate safety gear, including eye protection, when using the neck reamer.
- Ensure the reamer is used in a wellventilated area.
- Keep the reamer out of reach of children and pets.
- Do not use the reamer on cases that have not been fired.
- Inspect the reamer for any damage before use. Do not use if damaged.
- Always follow the manufacturer's instructions for usage and maintenance.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure that you have the necessary tools and safety equipment ready.
- Gather your fired, unsized cases to be reamed.

### 2. Installation:

- Remove the existing cutter from the Wilson trimmer.
- Carefully insert the neck reamer into the trimmer's cutter slot.
- Secure the reamer in place according to the trimmer's instructions.

### 3. Usage:

- Place the fired, unsized case into the trimmer.
- Activate the trimmer according to the manufacturer's instructions.
- Allow the reamer to do its work without forcing it.
- After reaming, inspect the case to ensure it meets the desired specifications.

### 4. PostUsage:

- Clean the reamer after each use to maintain its effectiveness.
- Store the reamer in a safe, dry place away from direct sunlight and moisture.

## **Disposal Instructions**

- Dispose of any damaged or wornout reamers in accordance with local regulations.
- Do not dispose of the product in household waste. Instead, check for recycling programs that accept metal tools.

## **Contact Information for Further Support**

For any questions or concerns regarding the WILSON NECK REAMER L.E. WILSON 6.5MM, please refer to the contact information provided by your retailer. They can assist you with product support and safety inquiries.

By following these guidelines, you can ensure a safe and effective experience with your WILSON NECK REAMER L.E. WILSON 6.5MM. Thank you for prioritizing safety in your shooting activities.
