

AR-15/308 AR LUG RECESS CLEANING TOOL - SINCLAIR INTERNATIONAL LUG RECESS CLEANING TOOL FOR AR-308

[Gun Cleaning & Chemicals](#) > [Cleaning Kits](#) > [Cleaning Kit Accessories](#)

This one of a kind tool is used to clean the lug recess area on the AR-15 and 308 AR rifles. The lug recess area collects a lot of grease and debris and needs to be cleaned regularly. This tool compresses a cotton roll and then releases it so you can rotate it inside the lug recess area. Should be used wet with solvent, then followed up with a dry roll. One bag of cotton rolls, about 50, is included with each tool.

Safety Instruction Guide for AR15/308 AR Lug Recess Cleaning Tool

Introduction

Thank you for choosing the AR15/308 AR Lug Recess Cleaning Tool by Sinclair International. This unique tool is designed to help you maintain the lug recess area of your AR15 and 308 AR rifles. Proper cleaning of this area is essential for optimal firearm performance and safety. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

General Safety Guidelines

- Always use the cleaning tool in a wellventilated area.
- Keep the tool and cleaning materials out of reach of children and pets.
- Use the tool only for its intended purpose, which is to clean the lug recess area of firearms.
- Always wear appropriate personal protective equipment, such as gloves and safety glasses, when using solvents.
- Ensure that the firearm is unloaded and pointed in a safe direction before cleaning.
- Report any unsafe products or incidents to the relevant authorities.

Specific Safety Precautions for Use

- **Hazard Identification:**

- Risk of injury if the firearm is not unloaded before cleaning.
- Chemical hazards from solvents used with the cleaning tool.

- **Avoiding Hazards:**

- Always check that the firearm is unloaded by visually inspecting the chamber and magazine.
- Use only manufacturerrecommended solvents and cleaning materials.
- Do not use the tool near open flames or sources of ignition.
- Avoid prolonged skin contact with solvents; wash hands thoroughly after use.
- Ensure that the cotton roll is securely compressed before use to prevent it from detaching during cleaning.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary materials, including the cleaning tool, cotton rolls (one bag included with the tool), and your preferred solvent.
- Ensure that your firearm is completely unloaded and in a safe position.

2. Using the Cleaning Tool:

- Take one cotton roll from the bag and compress it using the cleaning tool.
- Apply solvent to the cotton roll while it is compressed.
- Carefully insert the compressed cotton roll into the lug recess area of the firearm.
- Release the compression mechanism to allow the cotton roll to expand and make contact with the surfaces of the lug recess.
- Rotate the tool gently to clean the area effectively.

- After cleaning, remove the tool and discard the used cotton roll.

3. PostCleaning:

- Follow up with a dry cotton roll to remove any excess solvent and debris.
- Inspect the lug recess area to ensure it is clean before reassembling your firearm.

Disposal Instructions

- Dispose of used cotton rolls in accordance with local regulations regarding hazardous waste.
- Do not dispose of solvents in regular trash; follow local guidelines for the disposal of chemical substances.

Contact Information for Further Support

For any questions or concerns regarding the use of this product, please consult the manufacturer's website or contact their customer support for assistance. Always keep this safety instruction guide for future reference.

Thank you for prioritizing safety and maintenance in your firearm care.
