

# SINCLAIR OFFSET SCOPE LEVEL - SINCLAIR INTERNATIONAL OFFSET SCOPE LEVEL 30MM MATTE BLACK

[Optics & Mounting](#) > [Optic Accessories](#) > [Scope Anti-Cant Devices](#)

The Sinclair Offset Scope Level has a unique offset design that allows the shooter to see the level while still behind the scope. The offset level attaches to the riflescope like a scope ring and can be positioned so the shooter can see it easily. The Sinclair Scope Level helps the shooter avoid loss of accuracy resulting from positioning (canting) the rifle differently each time. The machined aluminum Sinclair Offset Scope Level is available for 1 inch and 30 mm scope tubes. Available in matte black and satin silver finishes. The Sinclair Offset Scope Level can be mounted for use by right-hand or left-hand shooters.

## Attributes

- Name: [SINCLAIR INTERNATIONAL OFFSET SCOPE LEVEL 30MM MATTE BLACK](#)
- Manufacturer: [SINCLAIR INTERNATIONAL](#)
- Product no.: 749004540

# Sinclair Offset Scope Level Safety Instructions

## Introduction

Thank you for choosing the Sinclair Offset Scope Level. This product is designed to enhance your shooting experience by providing a clear view of your scope's level while ensuring accuracy. This safety instruction guide is intended to help you use the product safely and effectively, in compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Ensure the product is used only for its intended purpose.
- Always inspect the Sinclair Offset Scope Level for any signs of damage before use.
- Keep the product out of reach of children and vulnerable individuals.
- If you notice any irregularities during use, cease operation immediately and consult with a qualified professional.
- Report any unsafe products or incidents to the relevant authorities.
- Regularly check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Before mounting, ensure that the scope and the rifle are securely attached and that all components are in good working condition.
- Do not exceed the recommended torque specifications when attaching the offset level.
- Avoid using the scope level in adverse weather conditions that may impair visibility.
- Use the offset level only when in a stable shooting position to prevent accidents.
- Always ensure that the rifle is pointed in a safe direction when making adjustments.

## Instructions for Installation and Usage

### 1. Installation

- Ensure your rifle is unloaded and pointed in a safe direction.
- Locate the mounting area on your riflescope where the offset level will be attached.
- Align the Sinclair Offset Scope Level with the scope tube.
- Secure the level by tightening the mounting screws evenly. Do not overtighten.
- Confirm that the level is positioned for easy visibility while aiming.

### 2. Usage

- Look through the scope and check the offset level for alignment.
- Adjust your rifle position based on the level indication to ensure accuracy.
- Regularly check the level during shooting sessions for consistent performance.

## Disposal Instructions

- Dispose of the Sinclair Offset Scope Level in accordance with local regulations.
- Do not dispose of the product in household waste.
- Check with local waste management authorities for proper disposal methods.

## Contact Information for Further Support

For any questions or concerns regarding the Sinclair Offset Scope Level, please refer to the product packaging

or your point of purchase for contact details and support options.

Thank you for prioritizing safety while using the Sinclair Offset Scope Level. Enjoy your shooting experience!
