

# **ACTION CLEANING TOOL KIT - SINCLAIR INTERNATIONAL ACTION CLEANING TOOL KIT, BOLT ACTION**

[Gun Cleaning & Chemicals](#) > [Cleaning Kits](#) > [Rifle Cleaning Kits](#)

The locking lug area on most bolt action rifles has a tendency to collect brass chips from cases, brush bristles, primer residue, bolt lug grease, and solvents. This accumulation of debris can wear heavily on your bolt lugs. Our lug recess tool should be used routinely by every rifle owner to clean this neglected and hard to reach area. Lug Recess Tool - Specifically for cleaning the locking lug recess area. Use with felts or cotton rolls. Chamber Swab and Handle - For cleaning and drying the chamber. 8-32 threads for large bore mops. Bolt Brush - Double headed brush to scrub the bolt lugs, bolt face, and bolt body. The lug recess tool has a slotted head that accepts cleaning felts and cotton rolls (supplied with the tool). This tool is inserted into the action and rotated inside the lug recess areas. Solvent can be applied to the felts or cotton to remove debris. A dry felt or cotton roll can then be used to dry the area out. The chamber can then be wiped out with the swab handle and mop. The bolt should be sprayed down with a degreaser and scrubbed with the double-headed brush. Be sure to apply new grease to the bolt on the bearing surfaces of the bolt. The bolt shroud should also be routinely cleaned and re-greased. The Lug Recess Tool and Swab Handle are both made of stainless steel for a lifetime of use and can be purchased individually.

# **ACTION CLEANING TOOL KIT Safety Instruction Guide**

## **Introduction**

Thank you for choosing the ACTION CLEANING TOOL KIT by Sinclair International. This guide provides essential safety instructions and usage information to ensure the safe operation and maintenance of your cleaning tools. Please read this manual carefully before using the product.

## **General Safety Guidelines**

- Always read and understand all instructions before using the cleaning tools.
- Keep the cleaning tools out of reach of children and vulnerable individuals.
- Inspect the tools for any damage before use. Do not use damaged tools.
- Use only as intended. Misuse may result in injury or damage.
- Store the cleaning tools in a dry place to prevent rust and degradation.
- Be cautious when handling solvents and cleaning agents. Follow manufacturer instructions for safe use.
- Report any unsafe conditions or accidents to the appropriate authorities.

## **Specific Safety Precautions for Use**

- **Lug Recess Tool:**

- Ensure the tool is securely inserted into the lug recess area before rotating.
- Do not force the tool into tight spaces, as this may cause damage to the rifle or the tool.

- **Chamber Swab and Handle:**

- Use the swab only for cleaning the chamber. Avoid using it for other purposes.
- Apply solvent sparingly to the swab to prevent excessive liquid buildup.

- **Bolt Brush:**

- Use the doubleheaded brush gently to avoid scratching or damaging the bolt surfaces.
- After use, clean the brush to maintain its effectiveness.

- **General Handling:**

- Always wear protective eyewear when using solvents and cleaning tools.
- Work in a wellventilated area to avoid inhaling fumes from solvents.

## **Instructions for Installation and Usage**

### **Installation**

1. **Lug Recess Tool:**

- Insert the lug recess tool into the action of the rifle.
- Rotate the tool gently to clean the lug recess areas.

2. **Chamber Swab and Handle:**

- Attach the chamber swab to the handle.

- Insert the swab into the chamber and move it in and out to clean.

### **3. Bolt Brush:**

- Use the bolt brush to scrub the bolt lugs, bolt face, and bolt body.
- Ensure that you are using the correct side of the brush for the area being cleaned.

## **Usage**

- Apply solvent to the felts or cotton rolls used with the lug recess tool for effective cleaning.
- After cleaning, use a dry felt or cotton roll to remove excess solvent and debris.
- Wipe the chamber with the swab handle and mop to ensure it is clean and dry.
- Regularly spray the bolt with a degreaser and scrub with the bolt brush.
- Reapply grease to the bearing surfaces of the bolt after cleaning.

## **Disposal Instructions**

- Dispose of used felts, cotton rolls, and any other cleaning materials in accordance with local regulations.
- Do not dispose of solvents and cleaning agents down the drain. Follow local hazardous waste disposal guidelines.

## **Contact Information for Further Support**
