

NECK SIZING DIES - FORSTER NECK SIZING DIE, .308 WIN

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Forster Reloading Dies are of excellent quality and provide the reloader with the ability to produce concentric rounds time and time again. Each die is manufactured from the finest quality steel carefully machined to very tight tolerances. Dies are hand polished both before and after the heat-treating process to guarantee an extra fine finish. All Forster reloading dies feature their Forster Cross Bolt Die Locking Ring that tightens the two ends of the split ring instead of tightening a screw directly into the threads of the die. Neck Sizing will enable the reloader to retain the fire formed dimensions of their cases rather than resizing the entire case. Neck sizing can prolong case life and eliminate some problems associated with excessive headspace. Like the Forster Full Length Sizing Dies, neck dies also included and E-Z Out Expander button assembly and Cross Bolt Lock Ring.

NECK SIZING DIES FORSTER NECK SIZING DIE, .308 WIN Safety Instructions

Introduction

Thank you for choosing the Forster Neck Sizing Die for your reloading needs. This guide provides important safety information and instructions to ensure the safe and effective use of this product. Please read this manual carefully before using the die.

General Safety Guidelines

- Ensure you are familiar with the safe handling and operation of reloading equipment.
- Always wear appropriate safety gear, including safety glasses and gloves, when using reloading dies.
- Keep the work area clean and organized to prevent accidents.
- Store the die in a dry, secure location when not in use to prevent damage and unauthorized access.
- Regularly inspect the die for signs of wear or damage. Do not use if damaged.
- Follow all local laws and regulations regarding reloading and ammunition.

Specific Safety Precautions for Use

- Use the die only for its intended purpose—neck sizing .308 Winchester cartridges.
- Avoid using excessive force when operating the die, as this may cause damage or malfunction.
- Never attempt to modify the die; alterations can lead to safety hazards.
- Ensure that all components are compatible before use to prevent malfunctions.
- Keep hands and clothing away from moving parts during operation.
- Be aware of the potential for lead exposure when handling ammunition components. Wash hands thoroughly after use.

Instructions for Installation and Usage

Installation

1. **Prepare Your Workstation:** Ensure that your reloading bench is stable and free from clutter.
2. **Set Up the Press:** Securely mount your reloading press according to the manufacturer's instructions.
3. **Install the Die:**
 - Unscrew the locking ring on the die.
 - Insert the die into the press and tighten the locking ring to secure it in place.
 - Ensure the die is aligned properly for accurate sizing.

Usage

1. **Prepare Cases:** Clean and inspect all cases before sizing. Remove any debris or obstructions.
2. **Adjust the Die:** Set the die to the desired depth for neck sizing based on your specific reloading requirements.
3. **Insert the Case:** Place the case into the shell holder of the press.
4. **Operate the Press:**
 - Pull the handle of the press smoothly to size the neck of the case.
 - Avoid jerky movements to ensure a smooth operation.
5. **Inspect the Sized Case:** After sizing, check the case dimensions to ensure they meet your specifications.
6. **Repeat as Necessary:** Continue the process for all cases you wish to size.

Disposal Instructions

- Dispose of any unused or damaged reloading components in accordance with local regulations.
- Do not throw the die or any components in regular household waste.
- Check local guidelines for hazardous waste disposal if applicable.

Contact Information for Further Support

For any inquiries regarding product safety, usage, or maintenance, please refer to the manufacturer's website or customer service resources. Ensure you have the product name and model number ready when seeking assistance.

Conclusion

By following these safety instructions and guidelines, you can ensure a safe and effective reloading experience with the Forster Neck Sizing Die. Always prioritize safety and stay informed about best practices in reloading. Thank you for your attention to these important safety measures.
