

# FULL LENGTH SIZING DIES - FORSTER PRODUCTS, INC. 6MM DASHER FULL LENGTH SIZING DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Forster Reloading Dies are of excellent quality and provide the reloader with the ability to produce concentric rounds time and time again. Each die is manufactured from the finest quality steel carefully machined to very tight tolerances. Dies are hand polished both before and after the heat-treating process to guarantee an extra fine finish. All Forster reloading dies feature their Forster Cross Bolt Die Locking Ring that tightens the two ends of the split ring instead of tightening a screw directly into the threads of the die. Forster Full Length Sizing Dies are each equipped with their E-Z Out Expander button which helps keep case necks concentric during the neck expanding operation. It's positioned higher in the neck area than most other dies. This provides support and holds the axis of the neck and case in alignment while the case is withdrawn from the die.

## Attributes

- Name: [FORSTER PRODUCTS, INC. 6MM DASHER FULL LENGTH SIZING DIE](#)
- Manufacturer: [FORSTER PRODUCTS, INC.](#)
- Product no.: 749004786

# Safety Instruction Guide for Forster Full Length Sizing Dies

## Introduction

Thank you for choosing the Forster Full Length Sizing Dies, specifically designed for the 6mm Dasher cartridge. This guide provides important safety information to help ensure the safe and effective use of this product. Please read these instructions carefully before use.

## General Safety Guidelines

- Ensure that all reloading equipment is used in a wellventilated area.
- Always wear appropriate safety gear, including safety glasses and hearing protection, when reloading ammunition.
- Keep reloading materials and equipment out of reach of children and unauthorized users.
- Store all components in a cool, dry place, away from direct sunlight and moisture.
- Regularly inspect your reloading dies and equipment for signs of wear or damage before each use.
- Report any unsafe conditions or accidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Use only Forster Full Length Sizing Dies with the specified cartridge (6mm Dasher).
- Do not exceed the recommended load data provided by the powder manufacturer.
- Always doublecheck that the die is properly secured before beginning the reloading process.
- Avoid placing your hands or any body part near the die during operation.
- Ensure that the EZ Out Expander button is functioning correctly to maintain case neck alignment.
- Follow all manufacturer instructions for the safe handling of reloading components.

## Instructions for Installation and Usage

### 1. Installation:

- Secure the Forster Full Length Sizing Die in your reloading press according to the manufacturer's instructions.
- Ensure that the die is tightened properly to prevent movement during operation.
- Adjust the die height according to the specifications for the 6mm Dasher cartridge.

### 2. Usage:

- Begin by preparing your cases according to standard reloading practices.
- Insert the case into the die and ensure it is seated correctly.
- Operate the press smoothly to resize the case, ensuring that the EZ Out Expander button is engaged.
- After resizing, carefully remove the case from the die.
- Inspect the resized case for any defects or irregularities before proceeding with further reloading operations.

## Disposal Instructions

- Dispose of any damaged or unusable reloading components in accordance with local regulations.
- Do not throw away reloading dies in regular waste. Check with local waste management for proper disposal methods.
- Ensure that all hazardous materials are disposed of safely and responsibly.

## **Contact Information for Further Support**

For any questions or concerns regarding the safety or use of Forster Full Length Sizing Dies, please refer to the manufacturer's contact information provided with your product or on the official Forster website.

## **Conclusion**

Following these safety guidelines will help ensure a safe and enjoyable reloading experience. Always prioritize safety and remain informed about best practices in ammunition reloading. Thank you for choosing Forster Products, Inc.
