

FULL LENGTH SIZING DIES - FORSTER PRODUCTS, INC. 243 WINCHESTER FULL LENGTH SIZING DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Forster Reloading Dies are of excellent quality and provide the reloader with the ability to produce concentric rounds time and time again. Each die is manufactured from the finest quality steel carefully machined to very tight tolerances. Dies are hand polished both before and after the heat-treating process to guarantee an extra fine finish. All Forster reloading dies feature their Forster Cross Bolt Die Locking Ring that tightens the two ends of the split ring instead of tightening a screw directly into the threads of the die. Forster Full Length Sizing Dies are each equipped with their E-Z Out Expander button which helps keep case necks concentric during the neck expanding operation. It's positioned higher in the neck area than most other dies. This provides support and holds the axis of the neck and case in alignment while the case is withdrawn from the die.

Attributes

- Name: [FORSTER PRODUCTS, INC. 243 WINCHESTER FULL LENGTH SIZING DIE](#)

Safety Instruction Guide for FULL LENGTH SIZING DIES

Introduction

Thank you for choosing the FULL LENGTH SIZING DIES from Forster Products, Inc. This guide provides essential safety instructions to ensure the safe and effective use of this product. Please read and follow these guidelines carefully to minimize risks and enhance your reloading experience.

General Safety Guidelines

- Ensure that all reloading equipment is used in accordance with the manufacturer's instructions.
- Always wear appropriate personal protective equipment (PPE) such as safety glasses and gloves when reloading.
- Keep your workspace clean and organized to prevent accidents.
- Store all reloading materials, including dies, in a secure location away from children and pets.
- Be aware of your surroundings and ensure that no one is in close proximity when operating reloading equipment.

Specific Safety Precautions for Use

- Inspect the die before use to ensure that it is free from defects or damage. Do not use if damaged.
- Use only the recommended cartridges as specified for the FULL LENGTH SIZING DIES.
- Handle all components, including primers and powder, with care to avoid accidental ignition.
- Do not exceed the recommended load limits specified in reloading manuals.
- Always follow safe reloading practices, including verifying powder weights and using proper measuring tools.
- Ensure that the die is securely mounted in your reloading press before operation.
- Keep hands and clothing clear of moving parts during operation.

Instructions for Installation and Usage

1. Installation of the Die:

- Ensure that your reloading press is turned off and unplugged.
- Remove any existing die from the press.
- Insert the FULL LENGTH SIZING DIE into the press and tighten securely using the Forster Cross Bolt Die Locking Ring.
- Adjust the die to the desired position according to your reloading specifications.

2. Usage of the Die:

- Prepare your cases by cleaning and inspecting them for defects.
- Place a case into the shell holder of the press.
- Operate the press handle to raise the ram and engage the die with the case.
- After sizing, lower the ram and remove the case from the shell holder.
- Repeat the process for additional cases as needed.

3. PostUsage Care:

- Clean the die after each use to prevent corrosion and ensure longevity.
- Store the die in a safe and dry location when not in use.

Disposal Instructions

- Dispose of all reloading materials, including spent primers and powder, in accordance with local regulations.
- Do not dispose of reloading dies in regular household waste. Check with local authorities for proper disposal methods.

Contact Information for Further Support

For any inquiries regarding product safety, usage, or concerns, please contact the manufacturer directly. Ensure to have your product details on hand for assistance.

Conclusion

Following these safety instructions will help ensure a safe and enjoyable reloading experience with your FULL LENGTH SIZING DIES. Always prioritize safety and adhere to best practices while reloading. Thank you for your attention to these guidelines.
