

# FULL LENGTH SIZING DIES - FORSTER PRODUCTS, INC. 22 BR FULL LENGTH SIZING DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Forster Reloading Dies are of excellent quality and provide the reloader with the ability to produce concentric rounds time and time again. Each die is manufactured from the finest quality steel carefully machined to very tight tolerances. Dies are hand polished both before and after the heat-treating process to guarantee an extra fine finish. All Forster reloading dies feature their Forster Cross Bolt Die Locking Ring that tightens the two ends of the split ring instead of tightening a screw directly into the threads of the die. Forster Full Length Sizing Dies are each equipped with their E-Z Out Expander button which helps keep case necks concentric during the neck expanding operation. It's positioned higher in the neck area than most other dies. This provides support and holds the axis of the neck and case in alignment while the case is withdrawn from the die.

## Attributes

- Name: [FORSTER PRODUCTS, INC. 22 BR FULL LENGTH SIZING DIE](#)

# Safety Instruction Guide for Forster Full Length Sizing Dies

## Introduction

Thank you for choosing Forster Full Length Sizing Dies. This guide provides essential safety instructions and guidelines to ensure safe and effective use of this product. Please read and understand these instructions before using the dies.

## General Safety Guidelines

- Ensure the product is used only for its intended purpose.
- Keep out of reach of children and vulnerable individuals.
- Regularly inspect the dies for signs of wear or damage.
- Use personal protective equipment (PPE) such as safety glasses and gloves when reloading.
- Follow all local laws and regulations regarding reloading and ammunition.
- Report any unsafe products or accidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Always handle reloading dies with care to avoid injury.
- Ensure that the reloading press is securely mounted before use.
- Do not exceed the recommended load specifications for the ammunition being reloaded.
- Avoid distractions while reloading to maintain focus and safety.
- Store reloading dies in a safe, dry place when not in use.
- Be aware of the potential hazards associated with handling gunpowder and primers.

## Instructions for Installation and Usage

### 1. Installation:

- Securely mount the reloading press to a stable workbench.
- Attach the Forster Full Length Sizing Die to the press according to the manufacturer's instructions.
- Ensure the die is tightened properly to prevent movement during operation.

### 2. Usage:

- Prepare the cases by cleaning and inspecting them for any damage.
- Adjust the die to the appropriate height for the specific cartridge being reloaded.
- Insert the case into the shell holder and raise the ram to engage the die.
- Lower the ram to withdraw the case from the die, ensuring it remains aligned.
- Repeat the process for each case, maintaining careful attention to detail.

### 3. PostUsage:

- Clean the dies after each use to remove any residue.
- Store the dies in their original packaging or a secure container to prevent damage.

## Disposal Instructions

- Dispose of any damaged or worn dies responsibly according to local regulations.
- Do not dispose of reloading materials, such as primers and gunpowder, in regular trash. Follow local hazardous waste disposal guidelines.

## **Contact Information for Further Support**

For inquiries regarding safety or product information, please reach out to the designated contact point provided with your product packaging or through the manufacturer's website.

By following these guidelines, you can ensure a safe and effective reloading experience with Forster Full Length Sizing Dies. Thank you for prioritizing safety in your reloading practices.
