

# TRIM DIES - REDDING TRIM DIE 300 REM SAUM

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Redding Trim Dies allow you to file trim your cases without unnecessary resizing. Other manufacturers use sizing die dimensions, forcing you to full length resize when trimming. For case forming and necking brass down from another caliber, Redding Trim Dies can be the perfect intermediate step before full length resizing.

## Attributes

- Name: [REDDING TRIM DIE 300 REM SAUM](#)

# Redding Trim Dies Safety Instruction Guide

## Introduction

Thank you for choosing the Redding Trim Die for your reloading needs. This guide provides essential safety instructions and information to ensure the safe and effective use of your product. The Redding Trim Die is designed for the 300 SAUM cartridge, allowing you to trim your cases without unnecessary resizing. Please read this guide carefully before using the product.

## General Safety Guidelines

To ensure safe use of the Redding Trim Die, please follow these general safety guidelines:

- Always read and understand the product manual before use.
- Use the product only for its intended purpose.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the product for any visible damage before use.
- Wear appropriate safety gear, such as safety glasses and gloves, while operating the die.
- Ensure that your work area is clean and free from obstructions.
- Store the product in a dry place, away from moisture and extreme temperatures.

## Specific Safety Precautions for Use

When using the Redding Trim Die, please observe the following safety precautions:

- Ensure that the die is securely mounted in your reloading press before use.
- Do not exceed the recommended load specifications for the 300 SAUM cartridge.
- Avoid using excessive force when trimming cases to prevent injury or damage to the die.
- Keep hands and other body parts clear of the die and cutting area during operation.
- If the die becomes jammed, stop using it immediately and follow the troubleshooting steps in the manual.
- Dispose of any trimmed brass shavings safely to prevent cuts or injuries.

## Instructions for Installation and Usage

Follow these steps for the proper installation and usage of the Redding Trim Die:

### 1. Installation:

- Ensure your reloading press is compatible with the Redding Trim Die.
- Clean the die and press area to remove any debris.
- Screw the Redding Trim Die into the press until it is snug but not overly tight.
- Set the die to the desired trimming length according to the specifications provided in the manual.

### 2. Usage:

- Prepare your brass cases by cleaning and inspecting them for damage.
- Insert the brass case into the die, ensuring it is properly aligned.
- Apply a smooth and steady force to the press handle to trim the case.
- After trimming, inspect the case for uniformity and proper length.
- Repeat the process for additional cases as needed.

## Disposal Instructions

When disposing of the Redding Trim Die or any associated materials, please follow these instructions:

- Dispose of the die in accordance with local regulations regarding metal recycling.
- Collect and dispose of any brass shavings or waste in a sealed container to prevent injury.
- Do not dispose of the die in regular household waste if it is damaged or no longer functional.

## Contact Information for Further Support

For any questions or concerns regarding the Redding Trim Die, please contact the manufacturer or your retailer for assistance. Ensure you have your product details ready for a more efficient response.

## Conclusion

By following these safety instructions and guidelines, you can ensure a safe and effective experience while using your Redding Trim Die. Always prioritize safety and consult the manual for any specific questions or concerns. Thank you for choosing Redding products for your reloading needs.
