# Custom Grade Rifle Full Length Die Sets Safety Instruction Guide

## Introduction

Thank you for choosing the Hornady Custom Grade 2Die set for your reloading needs. This guide provides essential safety instructions to ensure the safe and effective use of your product. Please read this guide thoroughly before use to familiarize yourself with the safety precautions and proper handling of the die set.

## General Safety Guidelines

- Ensure that the die set is used only for its intended purpose: reloading 338 Ruger Compact Magnum cartridges.
- Always wear appropriate personal protective equipment (PPE) such as safety glasses and gloves while reloading.
- Keep the workspace clean and organized to minimize the risk of accidents.
- Store the die set in a secure location, out of reach of children and unauthorized users.
- Regularly inspect the die set for any signs of wear or damage before each use.
- Do not use the die set if it appears damaged or malfunctioning.
- Follow all local laws and regulations regarding reloading and ammunition.

## Specific Safety Precautions for Use

- Always ensure that the reloading press is securely mounted and stable before beginning the reloading process.
- Avoid distractions while reloading; focus on the task at hand.
- Use only the recommended components (powder, primers, and bullets) for the 338 RCM cartridge.
- Follow the manufacturer's guidelines for powder charges and bullet seating depths.
- Never exceed the maximum load recommendations provided by reputable sources.
- Keep fingers and hands clear of the die set during operation to prevent injury.
- In case of a misfire or failure to fire, follow proper procedures for handling the situation safely.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure the reloading press is clean and free from debris.
- Attach the full length sizing die to the reloading press according to the press manufacturer's instructions.
- Securely tighten the die in place to prevent movement during operation.
- Insert the bullet seating die into the press, ensuring it is also securely tightened.

### 2. Usage:

- Begin by resizing the brass cases using the full length sizing die. Ensure that the die is adjusted correctly for the desired case length.
- After resizing, inspect each case for defects and cleanliness.
- Proceed to charge each case with the appropriate powder charge as specified in reputable reloading manuals.
- Place a bullet on top of each charged case and use the bullet seating die to seat the bullet to the correct depth.
- After seating, inspect each round for proper assembly and ensure there are no protruding bullets or irregularities.

- Store completed ammunition safely, following all local regulations.

## **Disposal Instructions**

- Dispose of any unused or expired components, such as powder and primers, according to local hazardous waste disposal regulations.
- Do not throw away ammunition or components in regular trash.
- Contact local authorities or waste management facilities for guidance on safe disposal methods.

## **Contact Information for Further Support**

For any safety inquiries or additional support regarding the Hornady Custom Grade 2Die set, please refer to the manufacturer's website or customer service resources.

By following these safety instructions, you can ensure a safe and enjoyable reloading experience with your Hornady Custom Grade 2Die set. Always prioritize safety and adhere to best practices for reloading to minimize risks and enhance your skills.
