CUSTOM GRADE RIFLE FULL LENGTH DIE SETS

7MM08 REMINGTON FULL LENGTH DIE SET Safety Instructions Guide

Introduction

Thank you for choosing the Hornady Custom Grade 2Die set for your reloading needs. This guide provides essential safety instructions and guidelines to ensure safe and effective use of the product. Please read this document carefully before using the die set.

General Safety Guidelines

- Ensure that you are familiar with the safe handling and operation of reloading equipment.
- Always wear appropriate safety gear, including safety glasses and hearing protection, while reloading.
- Keep your workspace clean, organized, and free of distractions.
- Store all reloading components, including powders and primers, in a safe and secure location away from children and pets.
- Follow all manufacturer instructions and guidelines for the use of the die set.
- Be aware of the specific cartridge type (7mm08 Remington) and ensure that you are using the correct components for reloading.

Specific Safety Precautions for Use

- **Hazard Identification:**
 - Improper use of reloading equipment may lead to serious injury or damage.
 - Always check for obstructions in the die before use.
- **Avoiding Hazards:**
 - Do not exceed recommended load limits.
 - Use only the specified components for the 7mm08 Remington cartridge.
 - Never leave reloading equipment unattended while in use.
- **Age and Audience Specific Warnings:**
 - This product is intended for use by individuals 18 years or older.
 - Ensure that inexperienced users are supervised by a knowledgeable adult.

Instructions for Installation and Usage

1. Setup:

- Ensure that your reloading press is securely mounted and stable.
- Gather all necessary components, including the die set, brass cases, primers, powder, and bullets.

2. Installation of Dies:

- Carefully remove the dies from the packaging.
- Install the full length sizing die into the press according to the manufacturer's instructions.
- Install the bullet seating die in the same manner.

3. Reloading Process:

- Resize the brass cases using the full length sizing die.
- After resizing, inspect each case for defects.
- Prime the cases using an appropriate priming tool.

- Measure and add the correct amount of powder to each case.
- Seat the bullet using the bullet seating die, ensuring proper depth.

4. Final Inspection:

- Inspect each completed round for quality and safety.
- Store completed ammunition in a secure and labeled container.

Disposal Instructions

- Dispose of any defective or damaged components in accordance with local regulations.
- Do not dispose of reloading materials in regular household waste.
- Contact local waste management authorities for proper disposal methods for hazardous materials.

Contact Information for Further Support

For any safety inquiries or further assistance regarding the Hornady Custom Grade 2Die set, please refer to the manufacturer's contact information provided with your product.

Conclusion

By following these safety instructions and guidelines, you can ensure a safe and efficient reloading experience with your Hornady Custom Grade 2Die set. Always prioritize safety and consult this guide whenever you have questions or concerns. Thank you for your attention to safety and for choosing our product.
