Safety Instruction Guide for CUSTOM GRADE RIFLE FULL LENGTH DIE SETS 6.5X55MM SWEDE FULL LENGTH DIE SET

Introduction

Thank you for choosing the Hornady Custom Grade Full Length Die Set for your reloading needs. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of your die set. Please read this manual carefully before use to familiarize yourself with the necessary precautions and instructions.

General Safety Guidelines

- Ensure the die set is used only by individuals who are knowledgeable about firearm reloading and safety protocols.
- Always wear appropriate safety gear, including safety glasses and hearing protection, when reloading ammunition.
- Keep the die set and all reloading components out of reach of children and unauthorized users.
- Inspect the die set for any damage or wear before each use. Do not use if damaged.
- Store the die set in a dry, secure location when not in use to prevent tampering and damage.

Specific Safety Precautions for Use

- Always follow the manufacturer's instructions for reloading to avoid accidents and ensure safe operation.
- Use the die set only for the specified cartridge (6.5 x 55 mm Swedish Mauser) to prevent malfunction and potential hazards.
- Do not exceed the recommended load limits provided in reloading manuals.
- Be aware of the potential for double charging or other errors; always verify powder charges before seating bullets.
- Maintain a clean and organized workspace to minimize distractions and reduce the risk of accidents.
- If you experience any unusual resistance or difficulty while using the die set, stop immediately and investigate the issue before proceeding.

Instructions for Installation and Usage

1. Setup:

- Ensure your reloading press is securely mounted and stable.
- Remove the die set from its packaging and inspect for any damage.

2. Installation:

- Insert the full length sizing die into the reloading press and tighten it securely.
- Follow the same procedure for the bullet seating die, ensuring it is properly aligned.

3. Reloading Process:

- Start by resizing the brass cases using the full length sizing die.
- Follow the recommended reloading data for your specific cartridge to measure and pour the correct amount of powder into each case.
- Seat the bullets using the bullet seating die, ensuring they are properly aligned and seated to the correct depth.

4. PostUse:

- After reloading, clean the die set with a soft cloth to remove any residue.
- Store the die set in a safe, dry place.

Disposal Instructions

- Dispose of any damaged or unusable components according to local regulations.
- Do not throw away the die set in regular household waste. Check for local recycling programs or hazardous waste disposal options.
- Ensure that all reloading materials, including spent casings and powder, are disposed of safely and in accordance with local laws.

Contact Information for Further Support

For any safety inquiries or concerns regarding the use of this product, please refer to the manufacturer's contact details provided in the product packaging. Ensure you have the product name and model number ready when reaching out for support.

Thank you for choosing Hornady. We wish you safe and successful reloading!
