# Safety Instruction Guide for CUSTOM GRADE RIFLE FULL LENGTH DIE SETS 3006 SPRINGFIELD FULL LENGTH DIE SET

## Introduction

Thank you for choosing the Hornady Custom Grade 2Die set for your reloading needs. This product is designed to provide precision and ease of use for reloading 3006 Springfield cartridges. To ensure safe and effective use, please read this safety instruction guide carefully.

## General Safety Guidelines

- Always handle reloading equipment with care and respect.
- Keep the die set and all reloading components out of reach of children and unauthorized users.
- Ensure that you are in a wellventilated area while reloading.
- Use appropriate personal protective equipment (PPE) such as gloves and safety glasses.
- Follow all local laws and regulations regarding the use of reloading equipment and ammunition.
- Regularly inspect your reloading tools for wear and damage. Do not use damaged tools.
- Report any unsafe products or accidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Read all instructions and warnings provided with the die set before use.
- Ensure the die set is compatible with your reloading press and the specific cartridge.
- Avoid overtightening the dies, as this may cause damage or lead to unsafe reloading conditions.
- Always doublecheck measurements and adjustments before proceeding with reloading.
- Use only recommended components (powder, bullets, etc.) for your reloading process.
- Never exceed the maximum load recommendations provided by reliable reloading manuals.
- Store all reloading components, including the die set, in a cool, dry place away from heat sources.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure the reloading press is securely mounted and stable.
- Select the appropriate die for the task (sizing die or bullet seating die).
- Insert the sizing die into the press and tighten securely, but do not overtighten.
- Adjust the die according to the manufacturer's instructions to achieve the desired sizing or seating depth.

### 2. Usage:

- Prepare your brass cases by cleaning and inspecting them for defects.
- Insert a brass case into the reloading press and operate the press to size the case.
- After sizing, switch to the bullet seating die.
- Place a bullet on the case mouth and operate the press to seat the bullet to the desired depth.
- Regularly check the measurements of the seated bullets to ensure consistency.

## Disposal Instructions

- Dispose of any unused or damaged reloading components in accordance with local regulations.
- Do not dispose of reloading components in regular household waste.

- Contact local waste management authorities for guidance on safe disposal methods.

## **Contact Information for Further Support**

For any safety inquiries or further support regarding the Hornady Custom Grade 2Die set, please refer to the contact information provided with your product packaging or visit the official Hornady website.

By following these safety instructions, you will ensure a safe and effective reloading experience with your Hornady Custom Grade 2Die set. Thank you for prioritizing safety while enjoying your reloading activities.
