FULL LENGTH DIE SETS 3006 SPRINGFIELD Safety Instruction Guide

Introduction

Thank you for choosing the Redding FL Die Set for your reloading needs. This guide provides essential safety instructions to ensure the safe use of this product. Please read and follow all guidelines carefully to minimize risks and ensure a safe reloading experience.

General Safety Guidelines

- Always handle all reloading equipment with care and respect.
- Ensure that your workspace is clean and organized to prevent accidents.
- Keep the die set and all reloading components out of reach of children and unauthorized users.
- Use the die set only for its intended purpose, which is to resize and seat bullets for the 3006 Springfield cartridge.
- Be aware of your surroundings when using this product, and ensure that no distractions are present.
- Regularly inspect your equipment for wear, damage, or contamination.

Specific Safety Precautions for Use

- Before using the die set, read the manufacturer's instructions thoroughly.
- Always wear appropriate safety gear, including eye protection, when reloading ammunition.
- Make sure that the die set is properly installed in your reloading press before use.
- Do not exceed recommended loads as specified in reliable reloading manuals.
- Avoid using the die set if you are under the influence of drugs or alcohol.
- Be cautious when handling primers and powder; they can be hazardous if not handled properly.
- Dispose of any unused or expired components according to local regulations.

Instructions for Installation and Usage

1. Installation:

- Ensure your reloading press is clean and free of debris.
- Securely mount the full length sizing die into the press according to the manufacturer's instructions.
- Adjust the die to the required height for proper sizing of the cartridge.

2. Usage:

- Begin by preparing your brass cases, ensuring they are clean and free from any obstructions.
- Insert the brass case into the sizing die and operate the press to resize the case.
- After resizing, switch to the seating die to properly seat the bullet.
- Follow the recommended procedures for measuring and adjusting the overall cartridge length.

Disposal Instructions

- Dispose of any used or damaged components in accordance with local environmental regulations.
- Do not throw away hazardous materials in regular trash; contact local waste management for proper disposal methods.

Contact Information for Further Support

For any inquiries regarding safety or product information, please reach out to your local retailer or the manufacturer directly. Always ensure that you have the necessary support when handling reloading equipment.

Conclusion

Following these safety instructions will help ensure a safe and effective reloading experience with the Redding FL Die Set for the 3006 Springfield. Always prioritize safety and consult the manufacturer's guidelines for the best practices in reloading.
