

# 22-250 REMINGTON PREMIUM BRASS - NOSLER 22-250 REMINGTON BRASS 50/BOX

[Reloading](#) > [Brass](#) > [Rifle Brass](#)

NOSLER 22-250 REMINGTON PREMIUM BRASS Nosler® Premium Brass is designed for those who want to take finding the perfect load into their own hands. Fully prepped and ready to load, we've gone ahead and done the meticulous case prep work for you. Each piece is chamfered, deburred, checked for proper alignment, sized and trimmed to proper length. The brass is then hand-inspected to ensure exact dimensional standards and tolerances are met, allowing for maximum accuracy and consistency. Serving shooters time after time without sacrificing performance, Nosler® Premium Brass is made with quality materials for optimum case life and unmatched reloadability. Nosler takes a few extra steps with their brass to make it a premium component for the handloader. The brass is first weigh-sorted to within + or - 0.5 grains, then the flash holes are deburred. Nosler completes the case prep with neck sizing and chamfering the inside and outside of the case mouth. All Nosler unprimed brass bears the Nosler headstamp. FEATURES Fully prepped, ready to load. Case mounts chamfered and deburred Hand-inspected and weight-sorted Flash holes are deburred and checked for proper alignment Full length sized and trimmed to proper length

# Safety Instruction Guide for 22250 Remington Brass

## Introduction

Thank you for choosing the 22250 Remington Brass from Nosler. This product is designed for handloaders seeking highquality brass components. To ensure safe and effective use, please read this safety instruction guide carefully. It provides essential safety guidelines and precautions to help you use this product responsibly.

## General Safety Guidelines

- Ensure that you are knowledgeable about handloading and firearms before using this product.
- Always wear appropriate safety gear, including safety glasses and hearing protection, when handling ammunition components.
- Keep brass cases out of reach of children and unauthorized individuals.
- Regularly inspect your equipment and components for signs of wear or damage.
- Store brass cases in a cool, dry place away from direct sunlight and moisture.
- Report any unsafe products or incidents to the appropriate authorities and check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Ensure that your reloading equipment is compatible with the 22250 Remington brass case.
- Only use powders and primers that are suitable for the 22250 Remington cartridge.
- Avoid overloading the brass cases beyond the recommended specifications.
- Always follow the reloading data provided by reputable sources.
- Do not attempt to modify or alter the brass cases in any way.
- Be cautious of potential hazards such as sharp edges on the brass cases after resizing or trimming.
- Use a proper case lube when resizing to prevent case sticking.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools and components, including the 22250 Remington brass cases, powder, primers, and projectiles.
- Ensure your workspace is clean and organized.

### 2. Reloading Process:

- Weighsort the brass cases to ensure consistency in weight (+ or 0.5 grains).
- Deburr the flash holes to ensure proper ignition.
- Size the neck of the brass cases and chamfer the inside and outside of the case mouth.
- Follow the reloading data for powder charges and seating depths.

### 3. Final Inspection:

- Inspect each loaded cartridge for defects or inconsistencies.
- Check that the bullets are seated properly and the crimp is secure.

### 4. Storage:

- Store loaded cartridges in a safe and secure location.

- Keep them away from heat sources and moisture.

## **Disposal Instructions**

- Dispose of any damaged or unusable brass cases in accordance with local regulations.
- Recycle brass cases whenever possible to minimize environmental impact.
- Do not throw away brass cases in regular trash; consult local recycling centers for proper disposal methods.

## **Contact Information for Further Support**

For any inquiries regarding safety or product information, please reach out to the appropriate contact listed on the product packaging or visit the manufacturer's website.

By following these safety instructions and guidelines, you can ensure a safe and enjoyable experience while using the 22250 Remington Brass. Always prioritize safety and stay informed about best practices in handloading.
