

# SEATER DIES - REDDING SEATER DIE 30 REMINGTON AR

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Redding Seating Die includes bullet guide, built-in crimp ring and the proper seating plug. All dies are made using the finest alloy steels obtainable and machined on Hardinge Super-Precision lathes capable of holding the tightest tolerances in the industry. Heat treated in atmospherically controlled furnaces and hand polished for smooth, flawless functioning, these dies will maintain tolerances and last a lifetime. Inspected and ultrasonically cleaned before packaging.

# Safety Instruction Guide for Redding Seating Die 30 Remington AR

## Introduction

Thank you for choosing the Redding Seating Die 30 Remington AR. This guide provides important safety information, installation instructions, and usage guidelines to ensure the safe operation of your die. Please read this guide carefully before use to maximize safety and performance.

## General Safety Guidelines

- Ensure that the die is used only for its intended purpose.
- Always follow the manufacturer's instructions for installation and use.
- Keep the die and all related tools out of the reach of children and vulnerable individuals.
- Regularly inspect the die for any signs of wear or damage before use.
- Report any unsafe conditions or incidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform to stay informed about product safety.

## Specific Safety Precautions for Use

- Always wear appropriate safety gear, including safety glasses, when using the die.
- Use the die in a wellventilated area to avoid inhalation of any dust or debris.
- Ensure that your work area is clean and free of clutter to prevent accidents.
- Handle the die with care to avoid injury from sharp edges or moving parts.
- Do not modify the die in any way, as this can compromise its safety and functionality.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that your reloading press is compatible with the Redding Seating Die.
- Securely mount the die into the reloading press according to the manufacturer's instructions.
- Adjust the seating depth according to your specific reloading requirements.
- Tighten all connections to ensure stability during operation.

### 2. Usage:

- Follow all standard reloading procedures when using the die.
- Use the builtin crimp ring to ensure proper bullet seating and crimping.
- Monitor the process closely to ensure consistent results and safety.
- If any unusual sounds or resistance are encountered, stop immediately and inspect the die.

## Disposal Instructions

- Dispose of any packaging materials in accordance with local regulations.
- If the die becomes damaged beyond repair, contact your local waste management authority for proper disposal methods.
- Do not dispose of the die in regular household waste; instead, seek out recycling programs that accept metal products.

## **Contact Information for Further Support**

For any inquiries regarding the Redding Seating Die or safety concerns, please contact the manufacturer directly. Ensure that you have the product details and any relevant information ready for a more efficient response.

By following these guidelines, you can ensure the safe and effective use of your Redding Seating Die 30 Remington AR. Thank you for your attention to safety, and happy reloading!
