

BODY DIES - BODY DIE 6.5X47MM LAPUA

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Body Dies are designed to full length resize the case body, bump the shoulder position for proper chambering, but not size the neck at all. They are made without internal parts and are intended for resizing cases which have become increasingly difficult to chamber after repeated firing. After using a body die, the case should be run through the neck die to achieve proper neck tension. Sold separately or as part of a set.

Attributes

- Name: [BODY DIE 6.5X47MM LAPUA](#)
- Manufacturer: [REDDING](#)

BODY DIES BODY DIE 6.5X47MM LAPUA Safety Instruction Guide

Introduction

Thank you for purchasing the BODY DIES BODY DIE 6.5X47MM LAPUA. This guide provides essential safety instructions and information to ensure the safe and effective use of this product. Please read this guide carefully before use.

General Safety Guidelines

- Ensure that all safety precautions are followed during the use of this product.
- Always handle reloading equipment and components with care to avoid accidents.
- Keep the product and all related tools out of reach of children and vulnerable individuals.
- Regularly check for any updates regarding recalls or safety alerts on the EU's Safety Gate platform.
- Report any unsafe products or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- Always wear appropriate safety gear, including safety glasses and gloves, when handling reloading equipment.
- Ensure that the workspace is clean and free from obstructions before using the body die.
- Inspect the body die for any signs of damage or wear before use. Do not use if damaged.
- Avoid using the body die with cases that have not been properly cleaned or are excessively worn.
- Follow the manufacturer's instructions for the specific cartridge to ensure proper resizing and functionality.
- Use the body die only for its intended purpose, which is to resize the case body and bump the shoulder position.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and materials, including the BODY DIES BODY DIE, reloading press, and cases to be resized.
- Ensure that the reloading press is securely mounted and in good working condition.

2. Installation:

- Attach the BODY DIES BODY DIE to the reloading press according to the manufacturer's instructions.
- Ensure that the die is tightened securely to prevent movement during use.

3. Usage:

- Insert the case into the reloading press and align it with the body die.
- Slowly operate the press to resize the case body. Ensure that the shoulder position is bumped appropriately.
- After resizing, remove the case and inspect it for proper sizing and any signs of damage.
- It is recommended to run the resized case through a neck die to achieve proper neck tension.

4. PostUse Care:

- Clean the body die after use to prevent residue buildup.
- Store the body die in a safe, dry place away from children and pets.

Disposal Instructions

- Dispose of any damaged or wornout reloading tools and components in accordance with local regulations.
- Do not dispose of reloading materials in regular household waste. Check with local authorities for proper disposal methods.

Contact Information for Further Support

For any inquiries or support regarding the BODY DIES BODY DIE 6.5X47MM LAPUA, please refer to the manufacturer's contact information provided with the product. Ensure you have the product details on hand for efficient assistance.

Thank you for your attention to these safety instructions. Enjoy your reloading experience safely and responsibly!
