

# HAND DIE MICROMETER TOP - SINCLAIR INTERNATIONAL HAND DIE MICROMETER SEATER TOP

[Reloading](#) > [Reloading Dies](#) > [Replacement Parts & Upgrades](#)

The Sinclair Micrometer Top allows the handloader to convert existing L.E. Wilson seaters to micrometer seaters. The top is constructed of stainless steel and is graduated in increments of .001 inch. To use, remove the existing seating stem from your L.E. Wilson Seater cap, and install in the Sinclair Micrometer Top. Now you are ready to make quick and easy changes to your cartridge's overall length. The top utilizes your existing seater stem or you can purchase an additional stem. Stem is not included.

# Safety Instruction Guide for Sinclair Micrometer Top

## Introduction

Thank you for choosing the Sinclair Micrometer Top. This product is designed to enhance your reloading experience by allowing you to convert existing L.E. Wilson seaters to micrometer seaters. To ensure safe and effective use, please read this safety instruction guide carefully.

## General Safety Guidelines

- Always follow the manufacturer's instructions when using the Sinclair Micrometer Top.
- Ensure that the product is used only for its intended purpose.
- Keep the product out of the reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of wear or damage before use.
- If you notice any defects or malfunctions, discontinue use immediately and contact the manufacturer.
- Report any unsafe products or accidents to the appropriate authorities.
- Stay informed about any product recalls by checking the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Use the Sinclair Micrometer Top only with compatible L.E. Wilson seating stems.
- Do not exceed the recommended adjustments of .001 inch to avoid damage to the cartridge or the seater.
- Always wear appropriate safety gear, such as safety glasses, when reloading.
- Ensure that your work area is clean and free of distractions while using the product.
- Avoid using the product if you are under the influence of alcohol or drugs that may impair your judgment.

## Instructions for Installation and Usage

### 1. Remove the existing seating stem:

- Unscrew the seating stem from your L.E. Wilson Seater cap.
- Ensure that the cap is clean and free from debris.

### 2. Install the Sinclair Micrometer Top:

- Align the Sinclair Micrometer Top with the seating cap.
- Carefully screw the micrometer top onto the cap until secure.

### 3. Adjust the seating depth:

- Use the graduated markings on the Sinclair Micrometer Top to make precise adjustments in increments of .001 inch.
- Make sure to adjust only when the micrometer top is securely attached to the seating stem.

### 4. Test the overall length:

- After making adjustments, test the overall length of your cartridge to ensure it meets your specifications.
- If needed, repeat the adjustment process until the desired length is achieved.

### 5. Store the product safely:

- When not in use, store the Sinclair Micrometer Top in a safe, dry place away from children and pets.

## **Disposal Instructions**

- Dispose of the Sinclair Micrometer Top in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- If the product is damaged, contact your local waste management authority for guidance on proper disposal methods.

## **Contact Information for Further Support**

For any questions or concerns regarding the Sinclair Micrometer Top, please contact the manufacturer directly. Ensure that you have your product details ready for a more efficient response.

Thank you for prioritizing safety while using the Sinclair Micrometer Top. Enjoy your reloading experience!
