

HAND PRIMING TOOL

[Reloading](#) > [Priming Tools](#) > [Hand Tools](#)

The RCBS Hand Priming Tool is tray fed (tray holds 100 primers) and incorporates a patented safety mechanism to separate the primer seating operation from the primer supply in the tray. The tool is contoured to fit comfortably in your hand, and the tool housing is cast metal. Large and small primer seating stems are included. This tool uses RCBS press type shell holders - works best with RCBS brand shellholders.

Safety Instruction Guide for the RCBS Hand Priming Tool

Introduction

Thank you for choosing the RCBS Hand Priming Tool. This guide provides essential safety instructions to ensure the safe and effective use of this product. Please read this guide carefully before using the tool.

General Safety Guidelines

- Always follow the manufacturer's instructions and guidelines for safe use.
- Ensure that the tool is used in a wellventilated area.
- Keep the tool out of reach of children and vulnerable individuals.
- Regularly inspect the tool for any signs of damage or wear before use.
- Use only RCBS press type shell holders with this tool for optimal performance.
- Report any unsafe products or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- Do not modify the tool in any way; alterations may compromise safety.
- Always use the safety mechanism when seating primers to prevent accidental discharge.
- Wear safety glasses to protect your eyes from potential debris during operation.
- Keep hands and fingers clear of the primer seating area during use.
- Store primers in a cool, dry place away from direct sunlight and heat sources.
- Avoid using the tool if you are under the influence of drugs or alcohol.

Instructions for Installation and Usage

1. Preparation:

- Ensure that the work area is clean and organized.
- Gather all necessary materials, including primers and shell holders.

2. Loading Primers:

- Open the primer tray and ensure it is empty before loading.
- Carefully load up to 100 primers into the tray, ensuring they are seated correctly.
- Close the tray securely before using the tool.

3. Using the Tool:

- Hold the tool firmly with one hand and the shell holder with the other.
- Align the shell holder with the primer seating area.
- Press the handle down smoothly to seat the primer. Do not force it.
- After seating, check that the primer is correctly positioned.

4. Finishing Up:

- After use, remove any remaining primers from the tray.
- Clean the tool according to the manufacturer's instructions.
- Store the tool and primers in a safe place.

Disposal Instructions

- Dispose of any damaged or wornout parts according to local regulations.
- Do not dispose of primers in regular household waste; consult local hazardous waste guidelines for proper disposal.

Contact Information for Further Support

For any inquiries regarding safety or product issues, please refer to the manufacturer's contact information provided on the product packaging or visit the official RCBS website.

By following these guidelines, you can ensure a safe and efficient experience with your RCBS Hand Priming Tool. Thank you for your attention to safety.
