

# BENCH REST® SEATER DIES - 260 REMINGTON BENCH REST SEATER DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Forster Bench Rest Reloading Dies are of excellent quality and provide the reloader with the ability to produce concentric rounds time and time again. Each die is manufactured from the finest quality steel carefully machined to very tight tolerances. Dies are hand polished both before and after the heat-treating process to guarantee an extra fine finish. All Forster reloading dies feature their Forster Cross Bolt Die Locking Ring that tightens the two ends of the split ring instead of tightening a screw directly into the threads of the die. Forster Bench Rest Seater Dies were the first of their kind to utilize a close fitting chamber that holds the case, the bullet and the seating stem all in perfect alignment. This support system allows the reloader to produce exceptionally straight ammunition. Conventional seating dies with a fixed chamber and seating system may start your bullet into the case neck at an angle. They lack the support the Forster Bench Rest Seater provides.

## Attributes

- Name: [260 REMINGTON BENCH REST SEATER DIE](#)
- Manufacturer: [FORSTER PRODUCTS, INC.](#)

# Safety Instruction Guide for Forster Bench Rest® Seater Dies

## Introduction

Thank you for choosing the Forster Bench Rest® Seater Dies for your reloading needs. This guide provides essential safety instructions and guidelines to ensure safe and effective use of the product. Please read this manual carefully before using the dies.

## General Safety Guidelines

- Ensure that you read and understand all safety instructions before using the reloading dies.
- Always wear appropriate personal protective equipment (PPE) such as safety glasses and gloves while reloading.
- Keep the working area clean and organized to prevent accidents.
- Store the dies in a safe location, out of reach of children and unauthorized users.
- Be aware of your surroundings and ensure that no one is in close proximity while reloading.
- Regularly inspect the dies for any signs of wear or damage. Do not use damaged dies.

## Specific Safety Precautions for Use

- Only use the Forster Bench Rest® Seater Dies with compatible cartridges, specifically the 260 Remington.
- Ensure that your reloading press is compatible with the dies and is in good working condition.
- Follow the manufacturer's instructions for your specific reloading press when installing the dies.
- Do not exceed recommended load specifications for the cartridges you are reloading.
- Use proper techniques when seating bullets to avoid misalignment or damage to the cartridge.
- If you experience any difficulties or unusual behavior during the reloading process, stop immediately and inspect the equipment.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure the reloading press is securely mounted and stable.
- Remove any existing dies from the press.
- Clean the threads of the press and the die before installation.
- Carefully screw the Forster Bench Rest® Seater Die into the press until it is snug.
- Adjust the die according to the manufacturer's instructions for bullet seating depth.

### 2. Usage:

- Prepare your brass cases according to standard reloading practices.
- Insert the brass case into the die and ensure it is properly aligned.
- Place the bullet on top of the case.
- Slowly pull the handle of the reloading press to seat the bullet into the case.
- Inspect the completed round for any defects or misalignment.
- Store completed ammunition in a safe and organized manner.

## Disposal Instructions

- Dispose of any unused or damaged reloading components according to local regulations.
- Do not throw away reloading dies or components in regular household waste.

- Contact local hazardous waste disposal facilities for proper disposal methods.

## **Contact Information for Further Support**

For any safety inquiries or additional support regarding the Forster Bench Rest® Seater Dies, please reach out to the manufacturer's customer service or refer to the official website for more information.

By following these guidelines, you can help ensure a safe and efficient reloading experience with your Forster Bench Rest® Seater Dies. Thank you for prioritizing safety in your reloading activities.
