

# BENCH REST® SEATER DIES - FORSTER PRODUCTS, INC. 6.5X55MM

## SWEDE BENCH REST SEATER DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Forster Bench Rest Reloading Dies are of excellent quality and provide the reloader with the ability to produce concentric rounds time and time again. Each die is manufactured from the finest quality steel carefully machined to very tight tolerances. Dies are hand polished both before and after the heat-treating process to guarantee an extra fine finish. All Forster reloading dies feature their Forster Cross Bolt Die Locking Ring that tightens the two ends of the split ring instead of tightening a screw directly into the threads of the die. Forster Bench Rest Seater Dies were the first of their kind to utilize a close fitting chamber that holds the case, the bullet and the seating stem all in perfect alignment. This support system allows the reloader to produce exceptionally straight ammunition. Conventional seating dies with a fixed chamber and seating system may start your bullet into the case neck at an angle. They lack the support the Forster Bench Rest Seater provides.

Bench Rest? Seater Die, 6.5x55 Swedish & 6.5x55 SKAN

# BENCH REST® SEATER DIES SAFETY INSTRUCTION GUIDE

## Introduction

Thank you for choosing the BENCH REST® SEATER DIES by Forster Products, Inc. This product is designed to help you safely and effectively seat bullets for the 6.5x55 Swedish and 6.5x55 SKAN cartridges. To ensure your safety and the proper use of this product, please read and follow the safety instructions outlined in this guide.

## General Safety Guidelines

- Always handle reloading equipment, including dies, with care and respect.
- Follow all local laws and regulations regarding ammunition reloading.
- Keep the dies and all reloading components out of reach of children and unauthorized users.
- Use the product only for its intended purpose as specified in the product description.
- Regularly inspect the dies for wear or damage before each use.
- Report any unsafe products or accidents to the relevant authorities.

## Specific Safety Precautions for Use

- Ensure you are using the correct cartridge for the die (6.5x55 Swedish or 6.5x55 SKAN) to prevent malfunctions.
- Wear safety glasses to protect your eyes from potential debris during the reloading process.
- Use gloves to protect your hands from sharp edges and potential chemical exposure.
- Keep your workspace clean and organized to minimize the risk of accidents.
- Avoid distractions while using the dies to maintain focus and precision.
- Do not exceed recommended load specifications as this may lead to dangerous outcomes.
- Follow the manufacturer's instructions for bullet seating depth and adjustments.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure your reloading press is securely mounted on a stable surface.
- Insert the BENCH REST® SEATER DIE into the press according to the manufacturer's instructions.
- Tighten the die securely to prevent movement during use.

### 2. Usage:

- Prepare your brass cases by cleaning and inspecting them for defects.
- Adjust the die to the desired bullet seating depth as per your specifications.
- Place a clean brass case in the shell holder of the press.
- Insert a bullet into the case mouth.
- Pull the handle of the press to seat the bullet. Ensure that the bullet is seated to the correct depth.
- After seating, inspect the loaded round for consistency and quality.

### 3. PostUsage:

- Clean the dies after each use to prevent corrosion and maintain performance.
- Store the dies in a dry, cool place to prolong their lifespan.

## **Disposal Instructions**

- Dispose of any damaged or unusable dies in accordance with local regulations.
- Recycle metal components where possible.
- Do not discard dies or reloading components in regular household waste.

## **Contact Information for Further Support**

For further assistance, please refer to the manufacturer's website or contact their support team. It is essential to have access to a reliable source for any inquiries or safety concerns related to the BENCH REST® SEATER DIES.

By following these safety instructions, you can ensure a safe and effective reloading experience with your BENCH REST® SEATER DIES. Always prioritize safety and consult the appropriate resources when needed. Thank you for your attention to these important guidelines.
