

# BENCH REST® SEATER DIES - 30-06 SPRINGFIELD BENCH REST SEATER DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Forster Bench Rest Reloading Dies are of excellent quality and provide the reloader with the ability to produce concentric rounds time and time again. Each die is manufactured from the finest quality steel carefully machined to very tight tolerances. Dies are hand polished both before and after the heat-treating process to guarantee an extra fine finish. All Forster reloading dies feature their Forster Cross Bolt Die Locking Ring that tightens the two ends of the split ring instead of tightening a screw directly into the threads of the die. Forster Bench Rest Seater Dies were the first of their kind to utilize a close fitting chamber that holds the case, the bullet and the seating stem all in perfect alignment. This support system allows the reloader to produce exceptionally straight ammunition. Conventional seating dies with a fixed chamber and seating system may start your bullet into the case neck at an angle. They lack the support the Forster Bench Rest Seater provides.

## Attributes

- Name: [30-06 SPRINGFIELD BENCH REST SEATER DIE](#)
- Manufacturer: [FORSTER PRODUCTS, INC.](#)
- Product no.: 749005555
- Mfr. No.: 006281

# **BENCH REST® SEATER DIES BENCH REST SEATER DIE, 3006 SPRINGFIELD Safety Instructions**

## **Introduction**

Thank you for choosing the Forster Bench Rest Seater Die for your reloading needs. This guide provides essential safety instructions to ensure the safe and effective use of your reloading die. Please read this manual carefully before using the product.

## **General Safety Guidelines**

- Ensure that you are familiar with the reloading process and have received proper training if necessary.
- Always handle reloading equipment with care and respect.
- Keep all reloading components, including dies, out of reach of children and unauthorized users.
- Inspect the die and all related equipment for damage or wear before each use.
- Use only recommended components (cases, bullets, etc.) with this die to prevent malfunctions.
- Follow local laws and regulations regarding reloading and ammunition production.

## **Specific Safety Precautions for Use**

- Always wear appropriate safety gear, including safety glasses and gloves, when reloading.
- Work in a wellventilated area to avoid inhaling any dust or fumes.
- Do not exceed the recommended load specifications for your cartridges.
- Be aware of the potential hazards associated with improper use of reloading equipment, including the risk of accidental discharge.
- Never leave the reloading process unattended.
- If you experience any unusual behavior from the equipment, stop using it immediately and inspect for issues.

## **Instructions for Installation and Usage**

### **1. Installation:**

- Securely mount the die in a reloading press according to the manufacturer's instructions.
- Ensure that the die is properly aligned with the press for optimal performance.
- Tighten the locking ring to prevent movement during operation.

### **2. Usage:**

- Prepare your cases by cleaning and inspecting them for defects.
- Insert the case into the die and ensure it is seated correctly.
- Place the bullet on top of the case and use the seating stem to push it into the case neck.
- Check the overall length of the loaded cartridge to ensure it meets your specifications.
- Repeat the process for additional rounds, maintaining consistent technique for uniform results.

## **Disposal Instructions**

- Dispose of any damaged or worn reloading components in accordance with local regulations.
- Do not throw away reloading materials in regular trash.
- Contact local waste management facilities for proper disposal methods of hazardous materials.

## Contact Information for Further Support

For further assistance or safety inquiries, please refer to the contact information provided with your product packaging or visit the manufacturer's website.

## Conclusion

By following these safety instructions, you can ensure a safe and effective reloading experience with your Forster Bench Rest Seater Die. Always prioritize safety and adhere to the guidelines provided in this manual. Happy reloading!
