

# **BENCH REST® SEATER DIES - 6.5X47MM LAPUA BENCH REST SEATER DIE**

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Forster Bench Rest Reloading Dies are of excellent quality and provide the reloader with the ability to produce concentric rounds time and time again. Each die is manufactured from the finest quality steel carefully machined to very tight tolerances. Dies are hand polished both before and after the heat-treating process to guarantee an extra fine finish. All Forster reloading dies feature their Forster Cross Bolt Die Locking Ring that tightens the two ends of the split ring instead of tightening a screw directly into the threads of the die. Forster Bench Rest Seater Dies were the first of their kind to utilize a close fitting chamber that holds the case, the bullet and the seating stem all in perfect alignment. This support system allows the reloader to produce exceptionally straight ammunition. Conventional seating dies with a fixed chamber and seating system may start your bullet into the case neck at an angle. They lack the support the Forster Bench Rest Seater provides.

## **Attributes**

- Name: [6.5X47MM LAPUA BENCH REST SEATER DIE](#)
- Manufacturer: [FORSTER PRODUCTS, INC.](#)
- Product no.: 749005567
- Mfr. No.: 006015

# BENCH REST® SEATER DIES SAFETY INSTRUCTION GUIDE

## Introduction

Thank you for choosing the Forster Bench Rest® Seater Dies, specifically designed for 6.5X47MM Lapua cartridges. This guide provides essential safety instructions to ensure the safe and effective use of the product, in compliance with the EU General Product Safety Regulation (GPSR). Please read this guide thoroughly before using the product.

## General Safety Guidelines

- Ensure that all reloading equipment is used in a wellventilated area and away from any flammable materials.
- Always wear appropriate personal protective equipment (PPE), including safety glasses and gloves, while handling reloading dies and ammunition components.
- Keep the dies and all reloading components out of reach of children and unauthorized individuals.
- Regularly check for any signs of wear or damage on your reloading equipment and replace any faulty components immediately.
- Follow the specific reloading guidelines provided by the manufacturer of your ammunition components to avoid accidents.

## Specific Safety Precautions for Use

- Always ensure the die is securely attached to the reloading press before use.
- Use only the recommended cartridge type (6.5X47MM Lapua) with this die to avoid malfunction or injury.
- Do not exceed recommended load limits for the ammunition you are reloading.
- Avoid distractions while reloading to maintain focus and prevent mistakes.
- If you notice any unusual noises or behavior from the reloading press or dies during use, stop immediately and inspect the equipment.

## Instructions for Installation and Usage

### 1. Installation:

- Unpack the Forster Bench Rest Seater Die from its packaging.
- Inspect the die for any visible damage or defects.
- Mount the die securely onto your reloading press as per the manufacturer's instructions.
- Ensure that the die is properly aligned with the press and that all locking mechanisms are tight.

### 2. Usage:

- Prepare your cases by cleaning and inspecting them for any defects.
- Insert the case into the die, ensuring it is seated correctly and securely.
- Place the bullet onto the case mouth, ensuring proper alignment.
- Slowly and steadily operate the reloading press to seat the bullet into the case.
- Once the bullet is seated, remove the completed round and inspect it for proper seating depth and alignment.

### 3. PostUse:

- Clean the die after each use to prevent residue buildup.
- Store the die in a dry, safe place away from moisture and direct sunlight.

## Disposal Instructions

- Dispose of any damaged or worn reloading components in accordance with local regulations.
- Recycle packaging materials where possible.
- Never dispose of ammunition or reloading components in regular household waste. Contact local authorities for proper disposal methods.

## Contact Information for Further Support

For any questions or concerns regarding the Forster Bench Rest® Seater Dies, please refer to the manufacturer's contact information provided with your product packaging. Ensure you have the product details on hand when seeking assistance.

## Conclusion

By following these safety instructions, you can ensure a safe and effective reloading experience with the Forster Bench Rest® Seater Dies. Always prioritize safety and stay informed about best practices in reloading. Thank you for your attention to these important guidelines.
