

TRIPLE SHOT X® 338 CALIBER (.338") RIFLE BULLETS - BARNES BULLETS TSX 338 CALIBER (0.338") FLAT BASE 250GR 50/BOX

[Reloading](#) > [Bullets](#) > [Rifle Bullets](#)

This lead-free, 100% copper-constructed bullet provides extreme penetration every time. Typically, this premium hunting bullet retains 100% of its original weight even after smashing through dense tissue and heavy bone. The Triple - Shock bullet design incorporates a series of precisely positioned rings cut into the bullet's body. These grooves relieve firing pressure, allowing the TSX to be safely loaded to higher velocities while reducing copper fouling. The bonus is that this is one of the most accurate hunting bullets you can buy.

Barnes 338 cal. 250 gr. Triple Shock X Bullets - 50

Attributes

- Name: [BARNES BULLETS TSX 338 CALIBER \(0.338"\) FLAT BASE 250GR 50/BOX](#)

Safety Instruction Guide for TRIPLE SHOT X® 338 CALIBER (.338") RIFLE BULLETS

Introduction

Thank you for choosing the TRIPLE SHOT X® 338 CALIBER (.338") RIFLE BULLETS. Your safety and satisfaction are our top priorities. This guide provides essential safety instructions and guidelines for the proper use of this product, ensuring compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Ensure that all users are familiar with firearm safety and handling.
- Always treat firearms and ammunition as if they are loaded.
- Store bullets in a cool, dry place, away from direct sunlight and moisture.
- Keep ammunition out of reach of children and unauthorized users.
- Regularly inspect ammunition for any signs of damage or degradation.
- Report any unsafe products or accidents to the relevant authorities.
- Check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Only use these bullets in firearms specifically chambered for .338 caliber cartridges.
- Follow the manufacturer's loading recommendations and guidelines for best performance.
- Wear appropriate eye and ear protection when shooting.
- Do not exceed recommended powder loads as indicated in reliable reloading manuals.
- Always verify the condition of your firearm before loading and shooting.
- Avoid using damaged or corroded ammunition.
- Dispose of any defective or unwanted ammunition according to local regulations.

Instructions for Installation and Usage

1. Preparation:

- Ensure that your firearm is unloaded and pointed in a safe direction.
- Gather all necessary equipment, including eye protection, ear protection, and a reliable reloading manual.

2. Loading the Bullets:

- Carefully follow the reloading manual for your specific firearm.
- Ensure that you are using the correct components for .338 caliber loads.
- Weigh each charge of powder to ensure consistency and safety.

3. Firing the Bullets:

- Always shoot in a safe and designated shooting area.
- Maintain a proper shooting stance and grip on your firearm.
- Keep your finger off the trigger until you are ready to shoot.
- Be aware of your surroundings and ensure that there is a safe backstop.

4. PostFiring:

- After shooting, check your firearm for any signs of malfunction or damage.

- Store any remaining bullets in a secure location.
- Clean your firearm according to the manufacturer's instructions.

Disposal Instructions

- Dispose of any unused or defective ammunition in accordance with local laws and regulations.
- Do not throw bullets in regular trash; instead, contact local authorities for proper disposal methods.
- Ensure that all ammunition is stored securely until it can be disposed of safely.

Contact Information for Further Support

For any safety inquiries or further assistance, please consult the manufacturer or your local retailer. It is crucial to have access to reliable support when handling ammunition and firearms.

By following these safety instructions, you can ensure a safe and enjoyable experience with your TRIPLE SHOT X® 338 CALIBER (.338") RIFLE BULLETS. Thank you for your attention to safety.
