

# MATCH GRADE FULL LENGTH SIZING DIES - HORNADY MATCH GRADE NEW DIMENSION FULL LENGTH DIE, 223 REM

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

## Ensure Accurate Resizing for Your 300 PRC Loads

The Hornady+ match Grade Dies feature interchangeable neck sizing bushings that are self centering. The bushings allow the user to size the case neck to the bullet tension you desire. This eliminates the chance of over-sizing your case necks and overworking the brass. Bushings are available in .002 inch increments. The Match Grade Full Length Die will size the case body, bump the shoulder and size the case neck with the selected bushing. The Match Grade Neck Die sizes the neck with the installed bushing and bumps the shoulder only (no body sizing). Both versions feature a self centering decap spindle with an o-ring spindle tensioner, and the elliptical expander ball with headed decap pin - the same pin used in the Custom Grade Dies. These bushing sizer dies have some unique features and are very well made and finished.

## Attributes

- Name: [HORNADY MATCH GRADE NEW DIMENSION FULL LENGTH DIE, 223 REM](#)

# Safety Instruction Guide for Hornady Match Grade Full Length Sizing Dies

## Introduction

Thank you for choosing the Hornady Match Grade Full Length Sizing Dies for your reloading needs. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of this product. Please read this document carefully before using the dies to ensure a safe reloading experience.

## General Safety Guidelines

- Always handle reloading equipment with care and respect.
- Ensure that the workspace is clean, organized, and free from distractions.
- Store dies and reloading components in a secure location away from children and unauthorized users.
- Use only compatible components as specified by the manufacturer.
- Regularly inspect tools and equipment for wear or damage before use.
- Follow all local laws and regulations related to ammunition reloading.

## Specific Safety Precautions for Use

- Always wear appropriate safety gear, including safety glasses and hearing protection, when reloading ammunition.
- Keep your hands and face clear of the reloading press during operation.
- Do not exceed the recommended load data provided by the bullet or powder manufacturer.
- Be aware of the potential hazards associated with handling gunpowder and ammunition components, including fire and explosion risks.
- Ensure that the reloading area is wellventilated to avoid inhalation of dust or fumes.
- If you experience any malfunction or difficulty during use, stop immediately and consult the product manual or contact support for assistance.

## Instructions for Installation and Usage

### 1. Installation of the Die:

- Ensure the reloading press is securely mounted to a stable surface.
- Remove the die from its packaging and inspect it for any damage.
- Thread the die into the reloading press until it is snug, but do not overtighten.
- Adjust the die to the desired position based on the specific reloading requirements.

### 2. Using the Die:

- Select the appropriate neck sizing bushing based on your desired bullet tension.
- Insert the bushing into the die and ensure it is seated correctly.
- Place the case into the shell holder and raise the ram to size the case body, bump the shoulder, and size the neck.
- After sizing, inspect the case for proper dimensions and ensure it meets safety standards before loading.
- For neck sizing only, use the Match Grade Neck Die following the same steps, but note that only the neck will be sized.

### 3. PostUse Maintenance:

- Clean the dies after use to prevent corrosion and maintain performance.

- Store dies in a secure and dry location to protect them from damage.

## Disposal Instructions

- Dispose of any damaged or worn reloading components in accordance with local regulations.
- Do not dispose of gunpowder or other hazardous materials in regular trash. Contact local authorities for proper disposal methods.
- Ensure that all packaging materials are recycled or disposed of responsibly.

## Contact Information for Further Support

For safety inquiries, product support, or to report unsafe products, please refer to the relevant local authorities or the manufacturer's website for assistance. Ensure you have your product details and any relevant information ready when seeking support.

Thank you for prioritizing safety while using the Hornady Match Grade Full Length Sizing Dies. Your careful attention to these guidelines will help ensure a safe and enjoyable reloading experience.
