# Safety Instruction Guide for RCBS 3DIE CARBIDE ROLL CRIMP SET, 44 MAG/ 44 SPECIAL

## Introduction

Thank you for choosing the RCBS 3DIE CARBIDE ROLL CRIMP SET for your reloading needs. This product is designed to enhance your reloading experience while ensuring safety and compliance with the EU General Product Safety Regulation (GPSR). Please read this safety instruction guide carefully to understand how to use the product safely and effectively.

## General Safety Guidelines

- Always handle all reloading equipment with care and in accordance with the manufacturer's instructions.
- Ensure that your workspace is clean, organized, and free from distractions.
- Keep the product out of reach of children and vulnerable individuals.
- Always wear appropriate personal protective equipment (PPE), such as safety glasses, when using this product.
- Regularly inspect the equipment for any signs of wear or damage before use.
- Report any unsafe products or incidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Ensure you are familiar with the specific cartridge types (44 Magnum and 44 Special) before using the crimp set.
- Avoid using the crimp set with cartridges for which it is not designed.
- Do not exceed the recommended load specifications for the cartridges.
- Keep your hands and other body parts clear of moving parts during operation.
- Use the crimp set in a wellventilated area to avoid inhaling any dust or particles.

## Instructions for Installation and Usage

### Installation

1. **Gather Tools:** Ensure you have all necessary tools and components before starting installation.
2. **Read Instructions:** Review the product manual thoroughly before proceeding.
3. **Set Up the Reloading Press:** Securely mount your reloading press on a stable surface.
4. **Install the Dies:**
  - Start by installing the sizing die and adjusting it according to the manufacturer's specifications.
  - Follow with the seating die, ensuring it is properly aligned.
  - Finally, install the crimp die, making sure it is tightened securely.
5. **Check Alignment:** Ensure that all dies are aligned correctly to avoid misfires or damage.

### Usage

1. **Prepare Cases:** Clean and inspect your cases before reloading.
2. **Adjust the Dies:** Make any necessary adjustments to the dies according to the type of cartridge you are using.
3. **Start Reloading:** Follow the reloading process stepbystep:
  - Resize the cases using the sizing die.
  - Seat the bullet using the seating die.
  - Apply the crimp using the roll crimp die.
4. **Inspect Finished Rounds:** After reloading, inspect each finished round for proper crimp and overall quality.
5. **Store Safely:** Store reloaded ammunition in a safe and secure location away from children and

unauthorized users.

## **Disposal Instructions**

- Dispose of any packaging materials in accordance with local regulations.
- If the product becomes damaged or unusable, dispose of it in a manner that complies with local waste disposal laws.
- Do not dispose of hazardous materials in regular trash. Contact local waste management authorities for guidance.

## **Contact Information for Further Support**

For any questions or concerns regarding the RCBS 3DIE CARBIDE ROLL CRIMP SET, please consult the product manual or reach out to the manufacturer directly for assistance.

By following these safety instructions, you can ensure a safe and effective reloading experience with your RCBS 3DIE CARBIDE ROLL CRIMP SET. Always prioritize safety and compliance with regulations to protect yourself and others. Thank you for your attention to these important guidelines.
