# Safety Instruction Guide for 3DIE CARBIDE TAPER CRIMP SETS 9MM LUGER

## Introduction

Thank you for choosing the RCBS Carbide Pistol 3Die Set. This product is designed for reloading 9mm Luger cartridges and offers enhanced safety features to ensure a secure and effective reloading experience. Please read this safety instruction guide carefully to understand how to use this product safely and effectively.

## General Safety Guidelines

- Always follow the manufacturer's instructions for use.
- Ensure that you are using the product in a wellventilated area.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the product for any signs of damage or wear before use.
- Report any unsafe products or accidents to the appropriate authorities.
- Stay informed about recalls and safety updates regarding this product through the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE) such as safety glasses and gloves when handling reloading equipment.
- Ensure that your work area is clean and organized to prevent accidents.
- Do not overload the die or exceed the recommended specifications for reloading.
- Avoid using damaged or worn cases as this can lead to malfunctions or accidents.
- Be cautious when handling primers and powders; follow all safety guidelines provided by the manufacturers.
- Ensure that the die is securely mounted to prevent movement during operation.

## Instructions for Installation and Usage

### 1. Installation:

- Carefully read the instructions provided with your die set before installation.
- Securely mount the sizer die into your reloading press.
- Install the expander die and seater die in accordance with the manufacturer's specifications.
- Ensure that all dies are tightened properly to avoid loosening during use.

### 2. Usage:

- Start with the sizer die to resize your brass cases. This die eliminates the need for lubrication.
- Use the expander die to expand and bell the case mouths, making it easier to seat bullets.
- Finally, use the seater die to seat the bullet to the desired depth and apply a taper crimp if necessary.
- After each reloading session, clean your dies to maintain optimal performance.

## Disposal Instructions

- Dispose of any unused or damaged components according to local regulations.
- Do not discard hazardous materials, such as primers and powders, in regular trash. Follow local guidelines for hazardous waste disposal.
- Ensure that all packaging materials are recycled or disposed of properly.

## **Contact Information for Further Support**

For any questions or concerns regarding the use of the 3DIE CARBIDE TAPER CRIMP SETS, please refer to the manufacturer's customer service resources or consult your local dealer for assistance.

Thank you for prioritizing safety while using the RCBS Carbide Pistol 3Die Set. Your attention to these guidelines helps ensure a safe and successful reloading experience.
