

# SINCLAIR POWDER MEASURE STAND (CLAMP STYLE) - POWDER MEASURE STAND, CLAMP STYLE

[Reloading](#) > [Powder Handling](#) > [Measure Stands & Accessories](#)

Powder measure stands made by other manufacturers left us wanting. We needed something that didn't have to be bolted down, would be easily adjustable in height for each person's preference, and could be adjusted to the different bench thicknesses that you find when loading away from home. A stand is always handy for shooters who don't have space for a permanent measure stand on their reloading bench. Our stand fits easily into a field box, and is ready to go when you take your powder measure to the range or a match. One model is available for custom measures and the second model is for standard measures 7/8 to fourteen. We use the stands to raise drop tubes to a comfortable loading position. Constructed with 7/8 inch diameter stainless steel tubing and featuring three points of contact for a non-slip secure mounting position. 11-1100 C-Clamp Measures like Harrells 11-1200 7/8 inch to fourteen Measures like Redding or RCBS

# Safety Instruction Guide for SINCLAIR POWDER MEASURE STAND (CLAMP STYLE)

## Introduction

Thank you for choosing the SINCLAIR POWDER MEASURE STAND (CLAMP STYLE). This guide provides essential safety information and instructions for the proper use of the product. Please read this guide carefully to ensure safe and effective operation.

## General Safety Guidelines

- Ensure that the powder measure stand is used in accordance with the manufacturer's instructions.
- Always inspect the stand before each use for any signs of wear or damage.
- Keep the stand out of reach of children and vulnerable individuals.
- Use the stand only for its intended purpose as described in this guide.
- Do not modify the stand in any way that could compromise its safety or functionality.
- In case of an emergency, refer to local emergency services.

## Specific Safety Precautions for Use

- Always ensure that the stand is securely clamped to a stable surface before use.
- Avoid overtightening the clamp, as this may damage the surface or the clamp itself.
- When adjusting the height, do so carefully to prevent pinching or injury.
- Ensure that the area around the stand is clear of obstructions to prevent tripping hazards.
- Do not exceed the weight limit recommended for the stand to avoid tipping or instability.
- Use protective eyewear when operating the powder measure to prevent any accidents.

## Instructions for Installation and Usage

### Installation

1. **Choose a Suitable Surface:** Select a flat and stable surface to clamp the stand securely.
2. **Position the Stand:** Place the stand where you intend to use it, ensuring that it is within easy reach.
3. **Clamp the Stand:**
  - Open the Cclamp by turning the handle counterclockwise.
  - Position the clamp over the edge of the surface.
  - Tighten the clamp by turning the handle clockwise until secure, but do not overtighten.
4. **Adjust Height:**
  - Loosen the height adjustment mechanism.
  - Raise or lower the stand to your preferred height.
  - Tighten the adjustment mechanism to secure the height.
5. **Check Stability:** Ensure the stand is stable and does not wobble before placing any equipment on it.

### Usage

- Place your powder measure securely on the stand.
- Ensure that all components are properly assembled and tightened before use.
- Follow the manufacturer's instructions for the powder measure to ensure safe operation.
- After use, remove the powder measure and store it safely.

## Disposal Instructions

- Dispose of the stand in accordance with local regulations regarding metal and plastic waste.

- Do not dispose of the stand in a manner that may harm the environment.
- If the stand is damaged beyond repair, consider recycling the materials where possible.

## **Contact Information for Further Support**

For safety inquiries or further assistance, please refer to the manufacturer's contact information provided with your product packaging or visit the manufacturer's website.

Thank you for your attention to these safety instructions. Your safety and satisfaction are our top priorities. Enjoy your experience with the SINCLAIR POWDER MEASURE STAND (CLAMP STYLE).
