

TRIM DIES - REDDING TRIM DIE 7MM-08 REM ACKLEY IMP 40

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Redding Trim Dies allow you to file trim your cases without unnecessary resizing. Other manufacturers use sizing die dimensions, forcing you to full length resize when trimming. For case forming and necking brass down from another caliber, Redding Trim Dies can be the perfect intermediate step before full length resizing.

Attributes

- Name: [REDDING TRIM DIE 7MM-08 REM ACKLEY IMP 40](#)

Safety Instruction Guide for Redding Trim Dies 7MM08 Rem Ackley Imp 40

Introduction

Thank you for choosing the Redding Trim Dies 7MM08 Rem Ackley Imp 40. This guide provides important safety instructions and usage guidelines to ensure your safe and effective use of the product. Please read this document carefully before using the trim dies.

General Safety Guidelines

- Ensure safe use of the Redding Trim Dies by following these guidelines:
 - Always use the product in a wellventilated area.
 - Keep the work area clean and organized to avoid accidents.
 - Store the trim dies in a safe place, out of reach of children and pets.
 - Use appropriate personal protective equipment (PPE), such as safety glasses and gloves, to protect yourself during operation.
 - Be aware of your surroundings and avoid distractions while using the product.

Specific Safety Precautions for Use

- Before using the Redding Trim Dies, consider the following safety precautions:
 - Inspect the dies for any damage or wear before each use. Do not use damaged dies.
 - Ensure that your reloading equipment is compatible with the trim dies.
 - Follow the manufacturer's instructions for your reloading press to avoid injury.
 - Use the trim dies only for their intended purpose. Do not attempt to modify or repair the product.
 - Keep hands and body clear of moving parts during operation to prevent injury.

Instructions for Installation and Usage

- Follow these steps for proper installation and usage of the Redding Trim Dies:

1. Installation:

- Remove the trim dies from their packaging.
- Clean the dies with a suitable solvent to remove any manufacturing residues.
- Install the trim die into your reloading press according to the manufacturer's instructions.
- Ensure the die is securely fastened and properly aligned.

2. Usage:

- Prepare your cases by ensuring they are clean and free of debris.
- Adjust the trim die according to the desired case length specifications.
- Insert the case into the reloading press and apply the necessary force to trim the case.
- Check the case length after trimming to ensure it meets specifications.
- Repeat the process for all cases as needed.

Disposal Instructions

- Dispose of any unused or damaged trim dies in accordance with local regulations.
- Do not dispose of the product in regular household waste. Check for local recycling programs or hazardous waste disposal sites.

Contact Information for Further Support

- For safety inquiries or product support, please refer to the manufacturer's contact information provided in the product packaging or visit the manufacturer's website.

Conclusion

By following the guidelines and instructions in this safety instruction guide, you can ensure the safe and effective use of the Redding Trim Dies 7MM08 Rem Ackley Imp 40. Always prioritize safety and consult the manufacturer for any questions or concerns regarding the product. Thank you for your attention to these important safety measures.
