# SEATER DIES REDDING SEATER DIE 375 REMINGTON ULTRA MAGNUM Safety Instruction Guide

## Introduction

Thank you for choosing the Redding Seating Die for your reloading needs. This guide provides essential safety instructions to ensure the safe and effective use of the product. Please read this manual carefully before using the die to understand the safety precautions and proper handling.

## General Safety Guidelines

- Ensure that all reloading equipment, including the Redding Seating Die, is used according to the manufacturer's instructions.
- Always wear appropriate personal protective equipment (PPE) such as safety glasses and gloves while reloading.
- Keep the work area clean and organized to prevent accidents.
- Store the die in a secure location, away from children and unauthorized individuals.
- Be aware of the potential hazards associated with reloading ammunition, including the risk of injury from improper handling.
- Regularly inspect the die for any signs of wear or damage before use.

## Specific Safety Precautions for Use

- Only use the Redding Seating Die with compatible cartridges, specifically the 375 Remington Ultra Magnum.
- Do not exceed the recommended load specifications for the cartridge being used.
- Ensure that the die is properly secured in the reloading press before use.
- Avoid using excessive force when seating bullets to prevent damage to the die and ensure consistent results.
- If you experience any unusual resistance while using the die, stop immediately and inspect for obstructions or damage.
- Dispose of any defective or damaged components safely and according to local regulations.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that your reloading press is clean and free of debris.
- Insert the Redding Seating Die into the reloading press and tighten securely.
- Attach the bullet guide and seating plug as per the manufacturer's instructions.

### 2. Usage:

- Prepare your cartridge cases according to standard reloading practices.
- Adjust the seating depth using the seating plug to your desired specification.
- Place the bullet into the case mouth and align it with the die.
- Pull the handle of the reloading press smoothly to seat the bullet.
- Inspect the seated bullet to ensure proper alignment and depth.

## Disposal Instructions

- Dispose of any unused or defective components in accordance with local waste disposal regulations.
- Do not dispose of ammunition or reloading components in regular household waste.
- Contact local authorities for guidance on hazardous waste disposal if necessary.

## Contact Information for Further Support

For any inquiries regarding safety or product usage, please consult the manufacturer's website or contact the relevant EUbased support center.

## Conclusion

Following these safety instructions will help ensure a safe and successful reloading experience with the Redding Seating Die. Always prioritize safety and stay informed about best practices in ammunition reloading. Thank you for choosing Redding for your reloading needs.
