

3BR METERING INSERT - UNIVERSAL METERING CHAMBER - 5 TO 100 GRAINS

[Reloading](#) > [Powder Handling](#) > [Powder Measures & Dispensers](#)

The 3BR is the Redding workhorse. It comes equipped with a quick-change micrometer insert, and a mounting bracket. Will work with most other bench stands. This measure throws powder charges from 5 to 100 grains with the universal (rifle) insert and one half to 10 grains with the pistol insert. The 3BR can be ordered with either insert. Redding powder measures work perfectly in the 11-1200 Sinclair Powder Measure Stand. Redding's other match grade powder measure is the BR-30 Competition Measure. This measure will throw powder charges from 10 to 50 grains and has the same style micrometer adjusting insert. We feel this is the best factory powder measure made today. The 3BR inserts will not work with the BR-30. The Redding Bench Stand elevates your measure above the bench surface for easy access and visibility. Works for any measure with 7/8 inch to fourteen threads. Also available is a double fingered clamp (shown in picture) for securing your stand to the bench (works a lot better than a regular C-Clamp).

Attributes

- Name: [UNIVERSAL METERING CHAMBER - 5 TO 100 GRAINS](#)
- Manufacturer: [REDDING](#)
- Product no.: 749005803
- Mfr. No.: 03330

Safety Instruction Guide for 3BR Metering Insert Universal Metering Chamber

Introduction

Thank you for purchasing the 3BR Metering Insert Universal Metering Chamber. This guide provides essential safety information and instructions for the safe and effective use of your product. Please read this guide carefully to ensure proper handling and usage.

General Safety Guidelines

- Ensure safe use of the 3BR Metering Insert by following all instructions outlined in this guide.
- Be aware of potential hazards associated with the product, including risks related to improper use and handling.
- Always store the product in a safe location, out of reach of children and vulnerable individuals.
- Regularly check for any updates or recalls regarding the product on the EU's Safety Gate platform.
- If you encounter any unsafe conditions or accidents, report them to the appropriate authorities.

Specific Safety Precautions for Use

- Always use the product as intended and according to the instructions provided.
- Do not exceed the recommended powder charge limits (5 to 100 grains with the universal insert and 0.5 to 10 grains with the pistol insert).
- Ensure that the micrometer insert is securely attached before use to avoid accidents.
- Maintain a clean work environment to prevent any obstructions or hazards during operation.
- Avoid using the product in wet or damp environments to reduce the risk of electrical hazards.
- Wear appropriate personal protective equipment, such as safety glasses and gloves, when handling powders and during operation.
- Keep the product away from heat sources and open flames.

Instructions for Installation and Usage

1. Installation:

- Ensure that your workbench is stable and secure before installation.
- Use the included mounting bracket to attach the 3BR Metering Insert to your bench stand.
- If using the Redding Bench Stand, ensure it is compatible with the 7/8 inch to fourteen threads of the product.
- Secure the stand to the bench using the double fingered clamp provided, ensuring it is tightened adequately.

2. Usage:

- To adjust the powder charge, use the quickchange micrometer insert according to the desired measurement.
- Always doublecheck the measurement before dispensing powder.
- After use, clean the product to ensure it remains in good working condition and to prevent contamination.
- Store the product in a dry place when not in use.

Disposal Instructions

- Dispose of any packaging materials responsibly by recycling where possible.
- If the product is no longer usable, follow local regulations for the disposal of nonfood products.
- Ensure that any hazardous materials are disposed of according to safety guidelines to prevent environmental harm.

Contact Information for Further Support

For any questions or concerns regarding the 3BR Metering Insert Universal Metering Chamber, please refer to the manufacturer's website or contact your local distributor for assistance. Always ensure you have the product details on hand when seeking support.

Thank you for prioritizing safety and compliance while using the 3BR Metering Insert Universal Metering Chamber. Enjoy your product responsibly!
