Product Safety Instruction Guide for FULL LENGTH SIZING DIES 338 LAPUA MAGNUM

Introduction

Thank you for choosing the FULL LENGTH SIZING DIES 338 LAPUA MAGNUM. This guide provides important safety information, installation instructions, and usage guidelines to ensure safe and effective use of your product. Please read this guide carefully before using the dies.

General Safety Guidelines

- Ensure that you are familiar with the basic operation of reloading equipment and practices before using this product.
- Always wear appropriate safety gear, such as safety glasses, when reloading ammunition.
- Store all reloading components, including dies, out of reach of children and unauthorized users.
- Regularly inspect your dies for any signs of wear or damage. Do not use damaged dies.
- Follow all local laws and regulations regarding ammunition reloading and storage.

Specific Safety Precautions for Use

- Only use the FULL LENGTH SIZING DIES 338 LAPUA MAGNUM with cartridges specifically designed for this die.
- When setting up the die, use a headspace gauge to ensure proper sizing and to avoid potential hazards associated with improper cartridge fit.
- Keep your workspace clean and organized to prevent accidents or misplacements of components.
- Do not exceed the recommended loads as specified in reputable reloading manuals.
- Be aware of the potential for lead exposure. Wash your hands thoroughly after handling reloading components.

Instructions for Installation and Usage

1. Installation of the Die:

- Ensure your reloading press is securely mounted and stable.
- Remove any previous dies from the press.
- Insert the FULL LENGTH SIZING DIE into the press's die holder and tighten it securely.
- Adjust the die to the desired height using the appropriate adjustment mechanisms of your reloading press.

2. Using the Die:

- Prepare your brass cases by cleaning and inspecting them for damage.
- Insert the brass case into the die and ensure it is positioned correctly.
- Pull the handle of the reloading press to size the case fully. Ensure that the case is pushed all the way into the die for proper sizing.
- Remove the sized case and inspect it for proper dimensions and any defects.
- Repeat the process for all cases you intend to reload.

3. Decapping and Expanding:

- The die includes a decapping assembly. Follow the instructions for decapping spent primers safely.
- Use the expander ball to ensure the neck of the case is properly sized for bullet seating.

Disposal Instructions

- Dispose of any damaged or worn dies according to local regulations.
- Recycle any metal components where possible.
- Do not dispose of reloading components, such as primers or powder, in regular waste. Follow local hazardous waste disposal guidelines.

Contact Information for Further Support

For any inquiries regarding safety, usage, or product support, please refer to the manufacturer's contact information provided with your product packaging or visit the manufacturer's website.

By following these safety instructions, you can ensure a safe and effective reloading experience with your FULL LENGTH SIZING DIES 338 LAPUA MAGNUM. Always prioritize safety and stay informed about best practices in ammunition reloading.
