

TYPE S BUSHING NECK DIES - REDDING TYPE S BUSHING NECK DIE 6.5X55 SWEDISH

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Type S Bushing Neck Die provides reloaders with a simple means to precisely control case neck size and tension. Uses interchangeable sizing bushing available in .001" increments The adjustable decapping rod allows positioning the bushing to resize only a portion of the neck length if desired. Concentricity is enhanced by the ability of the resizing bushing to self-center on the case neck. The decapping rod is supplied with a standard size button. This is especially useful for reloaders who are using commercial brass as is. A decapping pin retainer is also supplied with most Type S Bushing Dies except 17 and 20 Caliber This enables neck sizing without the use of the size button for those who sort and/or turn case necks for uniformity.

Safety Instruction Guide for TYPE S BUSHING NECK DIES

Introduction

Thank you for choosing the TYPE S BUSHING NECK DIES by Redding. This product is designed to assist reloaders in achieving precise control over case neck size and tension. To ensure safe and effective use, please read this safety instruction guide carefully.

General Safety Guidelines

- Always wear appropriate safety gear, including safety glasses and hearing protection, when using reloading equipment.
- Keep the work area clean and free from distractions to prevent accidents.
- Store reloading dies and components in a secure location, out of reach of children and unauthorized users.
- Before using the product, ensure that it is compatible with your specific cartridge type.
- Regularly check the equipment for wear and tear. Replace any damaged parts immediately.
- Follow all local, national, and international laws regarding the reloading of ammunition.

Specific Safety Precautions for Use

- Ensure that the bushing used is the correct size for your specific case neck.
- Do not exceed the recommended pressure limits for your reloading setup.
- Avoid using damaged or worn cases, as they can lead to dangerous malfunctions.
- When adjusting the decapping rod, make sure the die is not in contact with any live ammunition.
- Use only the manufacturer's recommended bushing sizes to maintain safety and effectiveness.
- If you experience any unusual sounds or resistance during operation, stop immediately and inspect the equipment.

Instructions for Installation and Usage

1. Setting Up the Die:

- Secure the die in your reloading press according to the manufacturer's instructions.
- Ensure that the die is tightened properly to avoid movement during use.

2. Choosing the Correct Bushing:

- Select the appropriate sizing bushing based on the desired neck tension and size.
- Insert the bushing into the die, ensuring it is seated correctly.

3. Adjusting the Decapping Rod:

- Loosen the lock nut on the decapping rod.
- Adjust the rod to the desired position to control the neck resizing length.
- Tighten the lock nut securely after adjustment.

4. Reloading Process:

- Place the case into the shell holder of your reloading press.
- Operate the press to resize the neck of the case as needed.
- Inspect the resized case for proper fit and dimensions.

5. **Decapping:**

- Use the standard size button supplied with the decapping rod for decapping cases.
- For neck sizing without the size button, ensure you have the decapping pin retainer installed.

6. **PostUse Care:**

- Clean the die and bushing after use to prevent corrosion and wear.
- Store the die and components in a dry place.

Disposal Instructions

- Dispose of any damaged or worn components in accordance with local regulations.
- Do not dispose of reloading materials in regular trash. Check with local authorities for proper disposal methods.
- Ensure that all materials are stored securely until they can be disposed of properly.

Contact Information for Further Support

For any questions or concerns regarding the TYPE S BUSHING NECK DIES, please refer to the manufacturer's contact information, which can be found on the product packaging or the official website.

Thank you for your attention to these safety instructions. By following these guidelines, you can ensure a safe and enjoyable reloading experience. Always prioritize safety and compliance with local regulations.
