

# TYPE S BUSHING NECK DIES - TYPE S BUSHING NECK DIE 7MM REM MAG

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Type S Bushing Neck Die provides reloaders with a simple means to precisely control case neck size and tension. Uses interchangeable sizing bushing available in .001" increments The adjustable decapping rod allows positioning the bushing to resize only a portion of the neck length if desired. Concentricity is enhanced by the ability of the resizing bushing to self-center on the case neck. The decapping rod is supplied with a standard size button. This is especially useful for reloaders who are using commercial brass as is. A decapping pin retainer is also supplied with most Type S Bushing Dies except 17 and 20 Caliber This enables neck sizing without the use of the size button for those who sort and/or turn case necks for uniformity.

# Safety Instructions for TYPE S BUSHING NECK DIES TYPE S BUSHING NECK DIE 7MM REM MAG

## Introduction

Thank you for choosing the TYPE S BUSHING NECK DIE 7MM REM MAG. This guide provides essential safety instructions to ensure the safe and effective use of this product. Please read this manual thoroughly before using the die to avoid any hazards and to ensure a safe reloading experience.

## General Safety Guidelines

- **Product Safety:** This product is designed for safe use in reloading ammunition. Ensure that you follow all safety instructions to avoid risks associated with improper use.
- **Enhanced Recalls:** Stay informed about any recall notices related to this product. If a recall occurs, follow the instructions provided in the notice.
- **Online Shopping Safety:** If you purchased this product online, ensure that the retailer meets safety requirements and provides necessary product information.
- **Special Consumer Focus:** This product is not intended for use by children. Keep it out of reach of minors to prevent accidents.
- **EU Contact Point:** For any safety inquiries regarding this product, please refer to your retailer or manufacturer's contact information.
- **Rapid Alerts:** Stay updated on product safety and recalls by checking the EU's Safety Gate platform regularly.

## Specific Safety Precautions for Use

- Always wear appropriate safety gear, including safety glasses and gloves, when handling reloading equipment.
- Ensure that your work area is clean and free of any obstructions that may cause accidents during the reloading process.
- Inspect the die and all components for damage before use. Do not use the die if it shows any signs of wear or damage.
- Use only the recommended sizing bushings for this die. Using incorrect bushings can lead to improper resizing and potential hazards.
- Keep hands and other body parts clear of the die and press area during operation to avoid injury.
- Avoid distractions while reloading. Focus on the task at hand to ensure precision and safety.
- Store the die in a safe, dry place when not in use, and ensure it is secured away from children and unauthorized users.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that your reloading press is securely mounted and stable.
- Insert the TYPE S BUSHING NECK DIE into the press according to the manufacturer's instructions.
- Tighten the die securely to prevent movement during operation.
- Attach the adjustable decapping rod and ensure it is properly aligned.

### 2. Usage:

- Select the appropriate sizing bushing based on the desired neck tension and size.
- Adjust the decapping rod to the desired position. This allows for resizing only a portion of the neck length if required.

- Insert the case into the die and operate the press to resize the neck.
- After resizing, check the concentricity of the neck to ensure proper alignment.
- If using commercial brass, utilize the standard size button supplied with the decapping rod.
- For those who sort or turn case necks for uniformity, use the decapping pin retainer to enable neck sizing without the size button.

## **Disposal Instructions**

- Dispose of any damaged or unusable components in accordance with local regulations.
- Do not dispose of the die in general waste. Check for local recycling programs or hazardous waste disposal options.
- Ensure that all packaging materials are disposed of responsibly.

## **Contact Information for Further Support**

For additional support or safety inquiries regarding the TYPE S BUSHING NECK DIE 7MM REM MAG, please refer to the contact information provided by your retailer or manufacturer.

By following these safety instructions, you can ensure a safe and effective reloading experience with the TYPE S BUSHING NECK DIE 7MM REM MAG. Always prioritize safety and consult this guide whenever needed.
