

TYPE S BUSHING FULL DIES - REDDING 7MM REMINGTON MAGNUM BUSHING FULL LENGTH TYPE S DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Full Length resizing while maintaining exact control of the case neck is often desirable in one operation. The Redding Type S Bushing Full Length Sizing Dies accomplish this task with the precision you would expect from Redding. Uses the same interchangeable bushings as those used in Redding bushing style neck sizing dies. The adjustable decapping rod allows you to adjust the bushing position, sizing only part of the neck length when desired. Concentricity is enhanced by the ability of the bushing to self-center on the neck of the cartridge case. All Type S dies are supplied with both the standard size button and a decapping pin retainer. By removing the bushing and all internal parts, the Type S Bushing Full Die may also be used as a body die.

Attributes

Consumer Safety Instruction Guide for TYPE S BUSHING FULL DIES REDDING 7MM REMINGTON MAGNUM BUSHING FULL LENGTH TYPE S DIE

Introduction

Thank you for choosing the TYPE S BUSHING FULL DIES REDDING 7MM REMINGTON MAGNUM BUSHING FULL LENGTH TYPE S DIE. This guide provides important safety instructions and guidelines to ensure safe and effective use of the product. Please read this document carefully before using the die.

General Safety Guidelines

- Ensure that the die is used only for its intended purpose as specified in the product description.
- Always wear appropriate personal protective equipment (PPE) such as safety glasses and gloves when handling the die.
- Keep the die out of reach of children and unauthorized users.
- Regularly inspect the die for signs of wear or damage before each use.
- Follow all local laws and regulations regarding the use of reloading equipment.

Specific Safety Precautions for Use

- Handle the die with care to avoid injury. The edges may be sharp.
- Ensure that the die is securely mounted in the reloading press before use.
- Do not exceed the recommended load limits when resizing cases.
- Maintain a clean and organized workspace to prevent accidents.
- If you notice any unusual behavior or performance from the die, cease use immediately and inspect it for issues.

Instructions for Installation and Usage

1. Installation:

- Ensure that your reloading press is compatible with the TYPE S BUSHING FULL DIE.
- Securely mount the die in the press according to the manufacturer's instructions.
- Insert the appropriate bushing into the die, ensuring it is seated correctly.
- Adjust the decapping rod to the desired position for your specific case length.

2. Usage:

- Prepare the cartridge cases by cleaning them thoroughly.
- Insert a case into the shell holder of the reloading press.
- Operate the press handle smoothly and steadily to resize the case.
- Monitor the resizing process to ensure proper neck control and concentricity.
- After resizing, remove the case and inspect it for any defects.

Disposal Instructions

- Dispose of any damaged or worn components of the die in accordance with local waste disposal regulations.
- Do not dispose of the die in regular household waste if it contains hazardous materials.
- Consider recycling metal components where possible.

Contact Information for Further Support

For further assistance, please refer to the manufacturer's website or contact their customer service department. Ensure that you have the product details at hand for efficient support.

By following these guidelines, you can ensure safe and effective use of the TYPE S BUSHING FULL DIES REDDING 7MM REMINGTON MAGNUM BUSHING FULL LENGTH TYPE S DIE. Thank you for prioritizing safety in your reloading activities.
