

# TYPE S BUSHING FULL DIES - REDDING 7MM-08 REMINGTON BUSHING FULL LENGTH TYPE S DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Full Length resizing while maintaining exact control of the case neck is often desirable in one operation. The Redding Type S Bushing Full Length Sizing Dies accomplish this task with the precision you would expect from Redding. Uses the same interchangeable bushings as those used in Redding bushing style neck sizing dies. The adjustable decapping rod allows you to adjust the bushing position, sizing only part of the neck length when desired. Concentricity is enhanced by the ability of the bushing to self-center on the neck of the cartridge case. All Type S dies are supplied with both the standard size button and a decapping pin retainer. By removing the bushing and all internal parts, the Type S Bushing Full Die may also be used as a body die.

# Safety Instruction Guide for TYPE S BUSHING FULL DIES REDDING 7MM08 REMINGTON

## Introduction

Thank you for choosing the TYPE S BUSHING FULL DIES REDDING 7MM08 REMINGTON. This product is designed to provide precise fulllength resizing of cartridge cases while maintaining control of the case neck. It is important to follow safety guidelines to ensure safe and effective use of this product.

## General Safety Guidelines

- Always read and understand the instructions before using the product.
- Use this product only for its intended purpose.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the product regularly for any signs of damage or wear.
- Do not modify or alter the product in any way.
- Report any unsafe conditions or incidents to the appropriate authorities.
- Stay updated on product recalls and safety notices via the EU Safety Gate platform.

## Specific Safety Precautions for Use

- Always wear appropriate safety gear, such as safety glasses, when using this product.
- Ensure that your workspace is clean and free from obstructions.
- Do not use the die if it is damaged or malfunctioning.
- Be cautious when handling sharp tools and components.
- Maintain a safe distance from flammable materials during the resizing process.
- Follow proper procedures for handling and disposing of used cartridges and materials.
- Ensure that the bushing is securely attached before starting the resizing operation.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that your reloading press is compatible with the Redding Type S Bushing Full Length Die.
- Remove any existing die from the press and clean the die holder.
- Insert the Redding Type S Bushing Full Length Die into the die holder and secure it tightly.
- Adjust the die to the desired position based on your specific reloading setup.

### 2. Usage:

- Prepare your cartridge cases by cleaning and inspecting them for damage.
- Select the appropriate bushing size for your cartridge neck.
- Insert the bushing into the die, ensuring it is properly seated.
- Adjust the decapping rod to the desired position for neck sizing.
- Place a cartridge case into the shell holder of the reloading press.
- Slowly raise the ram to resize the cartridge case, ensuring smooth operation.
- After resizing, lower the ram and remove the cartridge case.
- Repeat the process for all cases to be resized.

## Disposal Instructions

- Dispose of any unused or damaged cartridges and materials in accordance with local regulations.
- Do not throw away cartridges in regular trash; instead, use designated collection points for hazardous

materials.

- Ensure that all components of the product are disposed of responsibly.

## **Contact Information for Further Support**

For any inquiries regarding safety or usage of the TYPE S BUSHING FULL DIES REDDING 7MM08 REMINGTON, please refer to the manufacturer's contact information provided with the product packaging or visit the manufacturer's website.

By following these guidelines, you can ensure a safe and effective reloading experience with the TYPE S BUSHING FULL DIES REDDING 7MM08 REMINGTON. Thank you for prioritizing safety and compliance with the EU General Product Safety Regulation.
