

TYPE S BUSHING FULL DIES - REDDING 260 REMINGTON BUSHING FULL LENGTH TYPE S DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Full Length resizing while maintaining exact control of the case neck is often desirable in one operation. The Redding Type S Bushing Full Length Sizing Dies accomplish this task with the precision you would expect from Redding. Uses the same interchangeable bushings as those used in Redding bushing style neck sizing dies. The adjustable decapping rod allows you to adjust the bushing position, sizing only part of the neck length when desired. Concentricity is enhanced by the ability of the bushing to self-center on the neck of the cartridge case. All Type S dies are supplied with both the standard size button and a decapping pin retainer. By removing the bushing and all internal parts, the Type S Bushing Full Die may also be used as a body die.

Safety Instruction Guide for TYPE S BUSHING FULL DIES REDDING 260 REMINGTON BUSHING FULL LENGTH TYPE S DIE

Introduction

Thank you for choosing the TYPE S BUSHING FULL DIES REDDING 260 REMINGTON BUSHING FULL LENGTH TYPE S DIE. This product is designed to provide precise resizing of cartridge cases while maintaining control over the case neck. To ensure safe and effective use, please read this safety instruction guide carefully.

General Safety Guidelines

- Always use the die according to the manufacturer's instructions.
- Keep the die out of reach of children and vulnerable individuals.
- Inspect the die for any damage before use. Do not use if damaged.
- Ensure your workspace is clean and free from distractions while using the die.
- Wear appropriate safety gear, such as safety glasses and gloves, when handling the die.

Specific Safety Precautions for Use

- Handle the die with care to avoid injury from sharp edges.
- Ensure that the bushing is securely attached before resizing operations.
- Do not exceed the recommended resizing pressure to avoid damaging the die or cartridge cases.
- Avoid using the die with incompatible cartridge cases. Only use with 260 Remington cases.
- Be cautious of any residual lubricants on the die that may cause slips or accidents.

Instructions for Installation and Usage

1. Installation:

- Ensure that your reloading press is compatible with the TYPE S BUSHING FULL DIE.
- Securely mount the die into the reloading press according to the manufacturer's instructions.
- Attach the appropriate bushing to the die, ensuring it is properly seated.

2. Usage:

- Prepare your cartridge cases by cleaning and inspecting them for any defects.
- Adjust the decapping rod to set the desired bushing position.
- Insert the cartridge case into the die and apply pressure using the reloading press.
- Monitor the resizing process, ensuring that the neck is resized to your specifications.
- Remove the resized cartridge case carefully from the die.

Disposal Instructions

- Dispose of any damaged or unusable parts of the die according to local regulations.
- Do not dispose of the die in regular household waste. Check for recycling programs in your area for metal components.

Contact Information for Further Support

For any safety inquiries or assistance regarding the TYPE S BUSHING FULL DIES REDDING 260 REMINGTON

BUSHING FULL LENGTH TYPE S DIE, please refer to the contact information provided by the manufacturer or retailer where the product was purchased.

Conclusion

By following these safety guidelines and instructions, you can ensure a safe and effective reloading experience with the TYPE S BUSHING FULL DIES REDDING 260 REMINGTON BUSHING FULL LENGTH TYPE S DIE. Always prioritize safety and adhere to best practices while using this product. Thank you for your attention to these important safety measures.
