

# CHAMBER TYPE BULLET SEATER DIES - L.E. WILSON 280 ACKLEY IMPROVED BULLET SEATING DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Wilson chamber type bullet seater is a favorite among benchrest shooters. A chamber type bullet seater positively controls both bullet and cartridge case alignment. The case and bullet are completely captured by the die prior to the bullet being pushed straight into the case by a close-fitting seating stem. This style of bullet seater works more accurately than a conventional 7/8 inch to 14 bullet seating die. This is one of the most accurate bullet seaters ever made!

## Attributes

# CHAMBER TYPE BULLET SEATER DIES L.E. WILSON 280 ACKLEY IMPROVED SAFETY INSTRUCTIONS

## Introduction

Thank you for choosing the CHAMBER TYPE BULLET SEATER DIES L.E. WILSON 280 ACKLEY IMPROVED. This product is designed to enhance your shooting experience by providing precise bullet seating. However, to ensure safe and effective use, please follow the safety instructions outlined in this guide.

## General Safety Guidelines

- Always read and understand the product instructions before use.
- Use this product only for its intended purpose, which is bullet seating for the 280 Ackley Improved cartridge.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the bullet seater for any signs of damage or wear before each use.
- Report any unsafe conditions or accidents to the appropriate authorities.
- Stay updated on any recall notices related to this product through the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Ensure that the workspace is clean, dry, and welllit to avoid accidents.
- Wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when using the bullet seater.
- Handle all ammunition components with care to prevent accidental discharge.
- Avoid using the bullet seater if you are fatigued or under the influence of substances that may impair your judgment.
- Follow the recommended procedures for bullet seating to avoid damaging the die or cartridge case.

## Instructions for Installation and Usage

### 1. Installation:

- Securely attach the bullet seater die to your reloading press according to the manufacturer's instructions.
- Ensure that the die is properly aligned and tightened to prevent movement during use.

### 2. Usage:

- Prepare the cartridge case by ensuring it is clean and free of debris.
- Insert the bullet into the die and position the cartridge case under the seating stem.
- Slowly and steadily push the ram handle to seat the bullet into the cartridge case.
- Inspect the completed cartridge for proper bullet seating depth and alignment.

## Disposal Instructions

- Dispose of any unused or damaged components in accordance with local regulations.
- Do not throw away the product in regular household waste. Instead, check for local recycling programs or hazardous waste disposal options.

## **Contact Information for Further Support**

For any questions or concerns regarding the CHAMBER TYPE BULLET SEATER DIES L.E. WILSON 280 ACKLEY IMPROVED, please refer to the contact details provided in the product packaging or visit the manufacturer's website for support.

By following these safety instructions, you can ensure a safe and enjoyable reloading experience with your new bullet seater. Thank you for prioritizing safety and compliance with EU regulations.
