

# CHAMBER TYPE BULLET SEATER DIES - 338 WINCHESTER MAGNUM BULLET SEATING DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Wilson chamber type bullet seater is a favorite among benchrest shooters. A chamber type bullet seater positively controls both bullet and cartridge case alignment. The case and bullet are completely captured by the die prior to the bullet being pushed straight into the case by a close-fitting seating stem. This style of bullet seater works more accurately than a conventional 7/8 inch to 14 bullet seating die. This is one of the most accurate bullet seaters ever made!

## Attributes

# Safety Instruction Guide for CHAMBER TYPE BULLET SEATER DIES 338 WINCHESTER MAGNUM BULLET SEATING DIE

## Introduction

Thank you for choosing the CHAMBER TYPE BULLET SEATER DIES 338 WINCHESTER MAGNUM BULLET SEATING DIE. This product is designed for precision bullet seating and is favored by benchrest shooters for its accuracy. It is essential to follow safety guidelines to ensure safe and effective use of this product.

## General Safety Guidelines

- Always read and understand the safety instructions before using the product.
- Ensure that the product is used only for its intended purpose.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the product for any damage or wear before use.
- Report any unsafe products or incidents to the relevant authorities.
- Stay informed about any recall updates via the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Use the die only with compatible cartridge cases to prevent misalignment and potential hazards.
- Always wear appropriate safety gear, including safety glasses, when operating the die.
- Ensure that your workspace is clean and free of obstructions to avoid accidents.
- Do not exceed the recommended pressure limits when seating bullets.
- Do not attempt to modify or repair the die; contact a professional for any issues.

## Instructions for Installation and Usage

### 1. Installation

- Ensure your reloading press is securely mounted and stable.
- Insert the bullet seating die into the press according to the manufacturer's instructions.
- Adjust the seating depth as needed using the closefitting seating stem.

### 2. Usage

- Prepare your cartridge case by cleaning and inspecting it for defects.
- Place the bullet into the die, ensuring proper alignment.
- Activate the press to push the bullet into the case, maintaining a steady and controlled motion.
- After seating, inspect the cartridge for proper bullet seating depth and alignment.

## Disposal Instructions

- Dispose of any used or damaged components in accordance with local regulations.
- Do not dispose of the product in regular household waste. Check for recycling options in your area.

## Contact Information for Further Support

For any inquiries regarding safety or product issues, please refer to the manufacturer or an authorized dealer. Ensure that you have the product information ready for efficient assistance.

By following these guidelines, you can ensure a safe and effective experience with your CHAMBER TYPE BULLET SEATER DIES 338 WINCHESTER MAGNUM BULLET SEATING DIE. Thank you for prioritizing safety in your reloading activities.
