

TYPE S BUSHING NECK DIES - TYPE S BUSHING NECK DIE 243 WIN

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Type S Bushing Neck Die provides reloaders with a simple means to precisely control case neck size and tension. Uses interchangeable sizing bushing available in .001" increments The adjustable decapping rod allows positioning the bushing to resize only a portion of the neck length if desired Concentricity is enhanced by the ability of the resizing bushing to self-center on the case neck. The decapping rod is supplied with a standard size button. This is especially useful for reloaders who are using commercial brass as is. A decapping pin retainer is also supplied with most Type S Bushing Dies except 17 and 20 Caliber This enables neck sizing without the use of the size button for those who sort and/or turn case necks for uniformity.

Safety Instruction Guide for TYPE S BUSHING NECK DIE 243 WIN

Introduction

Thank you for choosing the TYPE S BUSHING NECK DIE 243 WIN. This product is designed to help reloaders achieve precise control over case neck size and tension. To ensure safe and effective use of this die, please read this safety instruction guide carefully. It provides essential safety guidelines, precautions, and instructions to help you use the product safely and responsibly.

General Safety Guidelines

- Ensure safe use of the TYPE S BUSHING NECK DIE by following these guidelines:
 - Always read and understand the product manual before use.
 - Keep the die out of reach of children and vulnerable individuals.
 - Inspect the die for any damage or wear before each use.
 - Use only compatible components and equipment when reloading.
 - Follow all local laws and regulations regarding reloading ammunition.
 - Report any unsafe products or accidents to the appropriate authorities.
 - Check for recall updates on the EU's Safety Gate platform regularly.

Specific Safety Precautions for Use

- When using the TYPE S BUSHING NECK DIE, please observe the following precautions:
 - Wear appropriate safety gear, including safety glasses, to protect your eyes.
 - Use the die in a wellventilated area to avoid inhaling any harmful substances.
 - Do not exceed the recommended load capacities when reloading.
 - Handle all components with care to avoid injury.
 - Ensure the die is securely mounted to your reloading press before use.
 - Do not modify the die or its components in any way.
 - If you experience any difficulties during use, stop immediately and seek assistance.

Instructions for Installation and Usage

- Follow these instructions to install and use the TYPE S BUSHING NECK DIE safely:

1. Installation:

- Ensure that your reloading press is turned off and unplugged.
- Remove any existing dies from the press.
- Insert the TYPE S BUSHING NECK DIE into the appropriate die station of your reloading press.
- Tighten the die securely using the provided locking ring.
- Attach the adjustable decapping rod if needed, ensuring it is properly positioned.

2. Usage:

- Select the appropriate sizing bushing for your desired neck size.
- Insert the bushing into the die, ensuring it is seated correctly.
- Prepare your cases for resizing by cleaning and inspecting them for defects.
- Place a case into the shell holder of the reloading press.
- Raise the ram to bring the case into contact with the die.

- If resizing only a portion of the neck length, adjust the decapping rod accordingly.
- Lower the ram to complete the resizing process and remove the case.
- Repeat the process for additional cases as needed.

Disposal Instructions

- Dispose of the TYPE S BUSHING NECK DIE and any associated components responsibly:
 - Follow local regulations for the disposal of metal and plastic materials.
 - Do not dispose of the die or components in household waste.
 - If the die is damaged or no longer usable, consider recycling it at an appropriate facility.

Contact Information for Further Support

- For any questions or concerns regarding the TYPE S BUSHING NECK DIE, please refer to the contact information provided with the product packaging or consult the manufacturer's website.

Thank you for prioritizing safety while using the TYPE S BUSHING NECK DIE 243 WIN. Your adherence to these guidelines helps ensure a safe and enjoyable reloading experience.
