

# TYPE S BUSHING NECK DIES - TYPE S BUSHING NECK DIE 300 WIN MAG

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Type S Bushing Neck Die provides reloaders with a simple means to precisely control case neck size and tension. Uses interchangeable sizing bushing available in .001" increments The adjustable decapping rod allows positioning the bushing to resize only a portion of the neck length if desired. Concentricity is enhanced by the ability of the resizing bushing to self-center on the case neck. The decapping rod is supplied with a standard size button. This is especially useful for reloaders who are using commercial brass as is. A decapping pin retainer is also supplied with most Type S Bushing Dies except 17 and 20 Caliber This enables neck sizing without the use of the size button for those who sort and/or turn case necks for uniformity.

## Attributes

- Name: [TYPE S BUSHING NECK DIE 300 WIN MAG](#)

# Safety Instruction Guide for Type S Bushing Neck Die 300 Win Mag

## Introduction

Thank you for choosing the Type S Bushing Neck Die for your reloading needs. This guide provides essential safety instructions to ensure the safe and effective use of the product. Please read this guide thoroughly before using the die to prevent accidents and ensure compliance with safety regulations.

## General Safety Guidelines

- Ensure that the Type S Bushing Neck Die is used only for its intended purpose of resizing cartridge cases.
- Always wear appropriate personal protective equipment, such as safety glasses, when using reloading equipment.
- Keep the workspace clean and organized to reduce the risk of accidents.
- Store the die in a safe and dry place, out of reach of children and pets.
- Regularly inspect the die for any signs of wear or damage before use.
- Follow all local laws and regulations regarding ammunition reloading.

## Specific Safety Precautions for Use

- Do not exceed the recommended load limits for the cartridge being resized.
- Ensure that the resizing bushing is correctly installed and securely fastened before use.
- Avoid using the die if the decapping rod or any other component is damaged or missing.
- Use only compatible sizing bushings as specified by the manufacturer.
- Be cautious when handling spent cartridges and reloaded ammunition, as they may still contain residual materials.

## Instructions for Installation and Usage

### 1. Installation of the Die:

- Securely mount the Type S Bushing Neck Die in your reloading press according to the manufacturer's instructions.
- Ensure that the die is properly aligned with the press for optimal performance.

### 2. Adjusting the Decapping Rod:

- Loosen the locking nut on the decapping rod.
- Adjust the rod to the desired position for neck resizing; tighten the locking nut to secure it in place.

### 3. Using the Sizing Bushing:

- Select the appropriate sizing bushing based on the desired neck tension.
- Insert the sizing bushing into the die and ensure it is seated correctly.

### 4. Resizing Cartridges:

- Insert the cartridge case into the shell holder of the reloading press.
- Raise the ram to bring the case into contact with the die.
- Apply steady pressure to resize the case neck as needed.

### 5. Decapping:

- If using the decapping feature, ensure the decapping pin is correctly positioned to remove the spent primer.

## Disposal Instructions

- Dispose of any spent primers, cartridge cases, or other materials in accordance with local regulations.
- Do not dispose of the Type S Bushing Neck Die in regular household waste. Follow local guidelines for electronic and metal waste disposal.

## Contact Information for Further Support

For any questions or concerns regarding the Type S Bushing Neck Die, please refer to the manufacturer's contact information provided with the product packaging.

**Important Note:** This safety instruction guide is intended to provide general safety information and does not replace the specific instructions provided by the manufacturer. Always refer to the manufacturer's manual for detailed operating procedures and safety information.
