

# TYPE S BUSHING FULL DIES - 300 WSM BUSHING FULL LENGTH TYPE S DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Full Length resizing while maintaining exact control of the case neck is often desirable in one operation. The Redding Type S Bushing Full Length Sizing Dies accomplish this task with the precision you would expect from Redding. Uses the same interchangeable bushings as those used in Redding bushing style neck sizing dies. The adjustable decapping rod allows you to adjust the bushing position, sizing only part of the neck length when desired. Concentricity is enhanced by the ability of the bushing to self-center on the neck of the cartridge case. All Type S dies are supplied with both the standard size button and a decapping pin retainer. By removing the bushing and all internal parts, the Type S Bushing Full Die may also be used as a body die.

## Attributes

# Safety Instruction Guide for TYPE S BUSHING FULL DIES 300 WSM

## Introduction

Thank you for choosing the Redding Type S Bushing Full Length Sizing Die for your reloading needs. This guide provides essential safety information and instructions to ensure the safe and effective use of your product. Please read this guide carefully before using the die.

## General Safety Guidelines

- **Product Safety:** Always ensure that the die is used according to the manufacturer's instructions to avoid risks associated with improper use.
- **Enhanced Recalls:** Stay informed about any recalls on this product. If a recall occurs, follow the instructions provided by the manufacturer for safe returns or exchanges.
- **Online Shopping:** If purchased online, confirm that the seller complies with safety regulations to ensure you receive a safe product.
- **Special Consumer Focus:** This product should be used by individuals who are knowledgeable about reloading ammunition. Keep out of reach of children.
- **EU Contact Point:** For any safety inquiries, please refer to the contact information provided by your retailer or manufacturer.
- **Rapid Alerts:** Check the EU Safety Gate platform regularly for updates on product safety and recalls.

## Specific Safety Precautions for Use

- **Read All Instructions:** Before using the die, read all instructions thoroughly to understand the proper usage and safety measures.
- **Use Personal Protective Equipment (PPE):** Always wear safety glasses and gloves when handling reloading equipment to protect against potential hazards.
- **Inspect the Die:** Before each use, inspect the die for any signs of damage or wear. Do not use if damaged.
- **Work in a WellVentilated Area:** Ensure that your reloading area is wellventilated to avoid inhaling any fumes or dust.
- **Keep Work Area Clean:** Maintain a clean and organized workspace to prevent accidents.
- **Avoid Distractions:** Focus on the task at hand and avoid distractions while reloading.
- **Store Properly:** After use, store the die in a safe place where it cannot be accessed by unauthorized individuals.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that your reloading press is securely mounted and stable.
- Remove the bushing and all internal parts from the Type S Bushing Full Die.
- Attach the die to your reloading press, ensuring it is tightened securely.
- Reinsert the bushing and internal parts as per the manufacturer's instructions.

### 2. Usage:

- Adjust the decapping rod to set the bushing position according to your desired neck length.
- Place the cartridge case into the die and apply steady pressure on the press handle.
- Check the cartridge case for proper sizing and concentricity after each operation.
- If needed, adjust the bushing position to achieve the desired results.

### **3. Maintenance:**

- Clean the die regularly to prevent buildup of dirt and debris.
- Lubricate moving parts as required to ensure smooth operation.

## **Disposal Instructions**

- Dispose of any damaged or wornout components in accordance with local regulations.
- Do not throw the product into regular household waste. Instead, check for local recycling programs that accept metal components.

## **Contact Information for Further Support**

For any further questions or concerns regarding the Redding Type S Bushing Full Length Sizing Die, please refer to the contact information provided by your retailer or manufacturer.

Thank you for your attention to these safety guidelines. Your safety is our priority. Enjoy your reloading experience!
