

# TYPE S BUSHING FULL DIES - 204 RUGER BUSHING FULL LENGTH TYPE S DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Full Length resizing while maintaining exact control of the case neck is often desirable in one operation. The Redding Type S Bushing Full Length Sizing Dies accomplish this task with the precision you would expect from Redding. Uses the same interchangeable bushings as those used in Redding bushing style neck sizing dies. The adjustable decapping rod allows you to adjust the bushing position, sizing only part of the neck length when desired. Concentricity is enhanced by the ability of the bushing to self-center on the neck of the cartridge case. All Type S dies are supplied with both the standard size button and a decapping pin retainer. By removing the bushing and all internal parts, the Type S Bushing Full Die may also be used as a body die.

# Safety Instruction Guide for TYPE S BUSHING FULL DIES 204 RUGER

## Introduction

Thank you for choosing the TYPE S BUSHING FULL DIES 204 RUGER. This guide provides essential safety information and instructions to ensure the safe and effective use of this product. Please read this guide carefully before use.

## General Safety Guidelines

- Ensure that the product is used in accordance with the manufacturer's instructions.
- Always inspect the die and its components for any signs of wear or damage before use.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe conditions or incidents to the relevant authorities.
- Check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Always wear appropriate safety gear, including eye protection, when using this product.
- Ensure that the work area is clean and free from distractions to prevent accidents.
- Use the die only for its intended purpose as specified in the product description.
- Avoid using excessive force during operation to prevent damage to the die or injury.
- Do not modify the die or its components in any way.
- Keep hands and other body parts clear of moving parts during operation.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that your reloading press is securely mounted.
- Insert the TYPE S BUSHING FULL DIE into the press according to the manufacturer's guidelines.
- Tighten the die securely to prevent movement during operation.

### 2. Usage:

- Adjust the decapping rod to the desired position for neck sizing.
- Insert the cartridge case into the die, ensuring it is properly aligned.
- Apply smooth, even pressure to resize the case, avoiding sudden or excessive force.
- After resizing, remove the case and inspect it for proper sizing and any signs of damage.

### 3. After Use:

- Clean the die and its components to remove any debris or residue.
- Store the die in a dry, safe location away from children and pets.

## Disposal Instructions

- Dispose of any damaged or wornout components in accordance with local regulations.
- Do not dispose of the product in regular household waste if it contains hazardous materials.
- Contact your local waste management facility for proper disposal methods.

## **Contact Information for Further Support**

For any questions or concerns regarding the TYPE S BUSHING FULL DIES 204 RUGER, please refer to the manufacturer's contact information provided with the product packaging.

By following the guidelines and instructions in this document, you can ensure a safe and effective reloading experience. Thank you for your attention to safety.
