

CHAMBER TYPE BULLET SEATER DIES - L.E. WILSON 260 REMINGTON BULLET SEATING DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Wilson chamber type bullet seater is a favorite among benchrest shooters. A chamber type bullet seater positively controls both bullet and cartridge case alignment. The case and bullet are completely captured by the die prior to the bullet being pushed straight into the case by a close-fitting seating stem. This style of bullet seater works more accurately than a conventional 7/8 inch to 14 bullet seating die. This is one of the most accurate bullet seaters ever made!

Attributes

Safety Instruction Guide for CHAMBER TYPE BULLET SEATER DIES L.E. WILSON 260 REMINGTON BULLET SEATING DIE

Introduction

Thank you for choosing the CHAMBER TYPE BULLET SEATER DIES L.E. WILSON 260 REMINGTON BULLET SEATING DIE. This product is designed for precision bullet seating and is favored by benchrest shooters for its accuracy. To ensure safe and effective use of this product, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- **Product Safety:** This product is designed to meet EU safety standards. Ensure proper handling and usage to avoid risks associated with reloading ammunition.
- **Enhanced Recalls:** Stay informed about any product recalls or safety notices. Check the EU Safety Gate platform regularly for updates.
- **Online Shopping:** If purchased online, ensure the seller complies with safety requirements equivalent to those of physical stores.
- **Special Consumer Focus:** This product is not intended for use by children. Keep out of reach of minors.
- **EU Contact Point:** For any safety inquiries, please refer to the designated EU contact point associated with this product.
- **Rapid Alerts:** Be aware of rapid alerts regarding unsafe products through the Safety Gate system.

Specific Safety Precautions for Use

- **Read the Manual:** Always read the user manual before using the bullet seating die.
- **Personal Protective Equipment (PPE):** Wear safety goggles and gloves when operating this product to protect against potential hazards.
- **Work Area:** Use the product in a wellventilated area, free from distractions and hazards.
- **Inspect the Product:** Before use, inspect the bullet seater and its components for any signs of damage or wear.
- **Proper Handling:** Handle the die with care to avoid injury. Do not force components together.
- **Avoid Overloading:** Do not exceed the recommended limits for bullet and cartridge case specifications.
- **Keep Away from Heat Sources:** Store the product away from heat sources and open flames.

Instructions for Installation and Usage

1. Installation:

- Ensure your reloading press is securely mounted.
- Insert the bullet seating die into the press according to the manufacturer's instructions.
- Tighten the die securely, but avoid overtightening.

2. Usage:

- Prepare your cartridge cases and bullets as per standard reloading practices.
- Insert the cartridge case into the die, ensuring proper alignment.
- Use the closefitting seating stem to push the bullet straight into the case.
- Check for proper bullet seating depth after each operation.
- If adjustments are needed, make them gradually and carefully.

3. **PostUsage Care:**

- Clean the die after use to prevent residue buildup.
- Store the die in a dry, cool place to maintain its condition.

Disposal Instructions

- Dispose of any damaged or unusable components in accordance with local regulations.
- Do not dispose of the product in regular household waste. Check for designated recycling or hazardous waste disposal facilities.

Contact Information for Further Support

For any questions or concerns regarding the CHAMBER TYPE BULLET SEATER DIES L.E. WILSON 260 REMINGTON BULLET SEATING DIE, please refer to the appropriate contact information provided by the retailer or manufacturer.

By following these safety instructions, you can ensure a safe and effective reloading experience. Thank you for your attention to safety and compliance with the EU General Product Safety Regulation.
