

CHAMBER TYPE BULLET SEATER DIES - 7MM-08 REMINGTON BULLET SEATING DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Wilson chamber type bullet seater is a favorite among benchrest shooters. A chamber type bullet seater positively controls both bullet and cartridge case alignment. The case and bullet are completely captured by the die prior to the bullet being pushed straight into the case by a close-fitting seating stem. This style of bullet seater works more accurately than a conventional 7/8 inch to 14 bullet seating die. This is one of the most accurate bullet seaters ever made!

Attributes

- Name: [7MM-08 REMINGTON BULLET SEATING DIE](#)

CHAMBER TYPE BULLET SEATER DIES 7MM08 REMINGTON BULLET SEATING DIE

Consumer Safety Instruction Guide

Introduction

Thank you for choosing the Chamber Type Bullet Seater Dies 7mm08 Remington. This product is designed for precision bullet seating, ensuring optimal alignment of the bullet and cartridge case. To ensure safe and effective use of this product, please read and follow the safety guidelines outlined in this document.

General Safety Guidelines

- **Product Safety:** This product is intended for use in reloading ammunition. Ensure that you understand the proper use and handling of reloading equipment.
- **Enhanced Recalls:** Stay informed about product recalls. Check the EU Safety Gate platform regularly for updates.
- **Online Shopping:** If purchased online, ensure the retailer complies with EU safety standards.
- **Special Consumer Focus:** This product is not intended for use by children. Keep out of reach of minors.
- **EU Contact Point:** For safety inquiries, refer to the designated EU contact point for this product.
- **Rapid Alerts:** Be aware of any safety alerts regarding this product through official channels.

Specific Safety Precautions for Use

- **Personal Protective Equipment (PPE):** Always wear appropriate PPE, including safety glasses and gloves, when using this product.
- **Ventilation:** Use in a wellventilated area to avoid inhalation of any dust or particles.
- **Handling Precautions:** Handle the die with care. Avoid dropping or mishandling to prevent damage.
- **Storage:** Store the bullet seater in a dry, cool place, away from direct sunlight and moisture.
- **Inspection:** Regularly inspect the die for any signs of wear or damage before use.
- **Follow Instructions:** Always follow the instructions for installation and usage provided in this guide.

Instructions for Installation and Usage

1. Installation:

- Ensure your reloading press is securely mounted and stable.
- Insert the bullet seater die into the press according to the manufacturer's instructions.
- Adjust the seating depth as needed using the seating stem.

2. Usage:

- Begin by preparing your cartridge cases as per standard reloading procedures.
- Place a bullet into the case mouth and position it in the die.
- Activate the press to push the bullet into the case. Ensure that the bullet is aligned properly.
- Check the completed cartridge for proper seating depth and alignment.

Disposal Instructions

- **Disposal of Product:** If you need to dispose of the bullet seater, check local regulations for proper disposal methods.
- **Recycling:** Consider recycling the product if possible. Contact local recycling facilities for guidance.

Contact Information for Further Support

For any inquiries or concerns regarding the safety and use of the Chamber Type Bullet Seater Dies 7mm08 Remington, please refer to the designated EU contact point for assistance.

By adhering to these safety instructions, you can ensure a safe and effective reloading experience. Thank you for your attention to safety and for choosing our product.
