

CARBIDE NECK TURNING MANDRELS - SINCLAIR INTERNATIONAL

CARBIDE NECK TURNING MANDREL, 25 CALIBER (.255")

[Reloading](#) > [Case Preparation](#) > [Neck Turning](#) > [Turning & Expander Mandrels](#)

Sinclair stainless steel neck turning mandrels for 17 through 50 caliber cartridges are turned from high grade stainless steel on precision turning centers. Turning mandrels are sized .002" under bullet diameter. The shape and surface of all of our mandrels is the result of years of experimenting by many expert handloaders. Our Carbide turning mandrels are precision ground from solid carbide stock, which yields even closer tolerances. All Carbide mandrels are ground to .002" under bullet diameter. Adjustments on our NT-4000 turning tool will be more consistent with carbide mandrels due to the tighter tolerances of the mandrels. Large caliber (35 to 50 caliber) mandrels fit only the Large Caliber Expander Body and the NT-5000 Turning Tool.

Attributes

- Name: [SINCLAIR INTERNATIONAL CARBIDE NECK TURNING MANDREL, 25 CALIBER \(.255"\)](#)

Safety Instruction Guide for CARBIDE NECK TURNING MANDRELS

Introduction

Thank you for choosing the CARBIDE NECK TURNING MANDRELS from Sinclair International. This guide provides essential safety information and instructions for the proper use of this product. Please read this guide carefully to ensure safe and effective operation.

General Safety Guidelines

- Always use the product in accordance with the manufacturer's instructions.
- Ensure that the working area is clean, welllit, and free of hazards.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of wear or damage before use.
- Report any unsafe conditions or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- Wear appropriate personal protective equipment (PPE), including safety glasses and gloves, while using the mandrels.
- Avoid direct contact with sharp edges and points to prevent injury.
- Do not exceed the recommended specifications for the mandrels to prevent equipment failure.
- Always ensure that the turning tool is securely attached to the mandrel before use.
- Use the mandrels only with compatible tools and accessories as specified by the manufacturer.

Instructions for Installation and Usage

1. Preparation:

- Ensure that you have the correct mandrel size for your cartridge. The CARBIDE NECK TURNING MANDREL is sized .002" under bullet diameter.
- Gather all necessary tools and equipment, including the NT4000 turning tool or NT5000 Turning Tool.

2. Installation:

- Insert the mandrel into the turning tool's expander body, ensuring a snug fit.
- Tighten the locking mechanism securely to prevent slippage during operation.

3. Usage:

- Carefully position the cartridge neck against the mandrel.
- Activate the turning tool to begin the neck turning process.
- Monitor the operation to ensure consistent results and avoid overheating.
- After use, turn off the tool and carefully remove the cartridge from the mandrel.

4. PostUsage Care:

- Clean the mandrel and turning tool after each use to remove any debris or residue.
- Store the mandrel in a safe, dry place to prevent damage.

Disposal Instructions

- Dispose of any damaged or wornout mandrels in accordance with local regulations.
- If applicable, recycle materials where possible to minimize environmental impact.

Contact Information for Further Support

For any safety inquiries or further support, please refer to the contact information provided with your product packaging or on the manufacturer's website.

Thank you for following these safety guidelines. Your adherence to these instructions will help ensure a safe and effective experience with your CARBIDE NECK TURNING MANDRELS.
