

TYPE S BUSHING FULL DIES - REDDING 6MM PPC SMALL BASE BUSHING FULL LENGTH TYPE S DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Full Length resizing while maintaining exact control of the case neck is often desirable in one operation. The Redding Type S Bushing Full Length Sizing Dies accomplish this task with the precision you would expect from Redding. Uses the same interchangeable bushings as those used in Redding bushing style neck sizing dies. The adjustable decapping rod allows you to adjust the bushing position, sizing only part of the neck length when desired. Concentricity is enhanced by the ability of the bushing to self-center on the neck of the cartridge case. All Type S dies are supplied with both the standard size button and a decapping pin retainer. By removing the bushing and all internal parts, the Type S Bushing Full Die may also be used as a body die.

Safety Instruction Guide for TYPE S BUSHING FULL DIES REDDING 6MM PPC SMALL BASE BUSHING FULL LENGTH TYPE S DIE

Introduction

Thank you for choosing the TYPE S BUSHING FULL DIES REDDING 6MM PPC SMALL BASE BUSHING FULL LENGTH TYPE S DIE. This guide provides essential safety instructions to ensure safe and effective use of the product. Please read this guide thoroughly before using the die.

General Safety Guidelines

- Always handle the die with care to avoid injury.
- Ensure proper personal protective equipment (PPE) is worn, including safety glasses and gloves.
- Keep the work area clean and organized to prevent accidents.
- Store the die in a secure location, out of reach of children and pets.
- Be aware of the specific cartridge type for which this die is designed (6mm PPC Small Base).

Specific Safety Precautions for Use

- Ensure that the die is compatible with your reloading press before use.
- Do not attempt to modify the die or use it for any purpose other than intended.
- Inspect the die for any damage or wear before each use. Do not use if damaged.
- Avoid using excessive force when resizing cases to prevent injury or equipment failure.
- Use the adjustable decapping rod properly to avoid damaging the bushing or cartridge case.
- Always check that the bushing is properly seated before beginning the resizing process.

Instructions for Installation and Usage

1. Installation:

- Securely mount the die in your reloading press according to the manufacturer's instructions.
- Ensure that the die is tightened to prevent movement during operation.
- Attach the appropriate bushing for the desired neck size.

2. Usage:

- Insert the cartridge case into the die.
- Adjust the decapping rod as needed to control the bushing position.
- Operate the press smoothly and steadily, applying consistent pressure.
- Monitor the resizing process to ensure proper neck control and concentricity.
- After use, clean the die to remove any debris or residue.

Disposal Instructions

- Dispose of any damaged parts or unused components in accordance with local regulations.
- Do not dispose of the die in regular household waste. Check for recycling options or hazardous waste disposal sites.

Contact Information for Further Support

For further assistance or safety inquiries, please refer to the manufacturer's website or customer support services.

By following these safety instructions, you can ensure a safe and effective reloading experience with the TYPE S BUSHING FULL DIES REDDING 6MM PPC SMALL BASE BUSHING FULL LENGTH TYPE S DIE. Thank you for your attention to these important safety guidelines.
