# FULL LENGTH DIE SETS REDDING 30 REMINGTON AR Safety Instruction Guide

## Introduction

Thank you for choosing the Redding Full Length Die Set for your reloading needs. This guide provides essential safety instructions to ensure the safe use of the product. Please read this document carefully before using the die set.

## General Safety Guidelines

- Ensure that you are familiar with the basic principles of reloading ammunition.
- Always wear appropriate safety gear, including safety glasses and hearing protection.
- Keep the work area clean and free from distractions.
- Store all reloading components, including dies, in a secure location away from children and unauthorized users.
- Follow all local laws and regulations regarding ammunition reloading and storage.

## Specific Safety Precautions for Use

- Always verify that the die set is compatible with the 30 Remington AR cartridge before use.
- Inspect the die set for any signs of damage or wear before each use.
- Use the die set only for its intended purpose; do not modify or alter the dies.
- Ensure that the reloading press is securely mounted and stable before starting the reloading process.
- Avoid using excessive force when operating the reloading press to prevent accidents or equipment failure.
- Keep hands and body clear of moving parts during operation.
- Do not leave the reloading press unattended while in use.

## Instructions for Installation and Usage

### 1. Unpacking the Die Set

- Carefully remove the die set from its packaging.
- Inspect all components for any damage or missing parts.

### 2. Setting Up the Die Set

- Secure the full length sizing die into the reloading press according to the manufacturer's instructions.
- Adjust the die to the desired height for proper cartridge sizing.

### 3. Using the Full Length Sizing Die

- Insert an empty 30 Remington AR cartridge case into the shell holder.
- Engage the reloading press handle to size the cartridge case fully.
- Remove the sized case and inspect it for any defects.

### 4. Seating the Bullet

- Install the standard seating die into the reloading press.
- Adjust the seating die according to the desired bullet seating depth.
- Place a charged cartridge case into the shell holder and insert the bullet.

- Engage the reloading press handle to seat the bullet into the case.

## **5. Final Inspection**

- Inspect each completed cartridge for proper seating and overall quality.
- Store completed cartridges in a safe and secure manner.

## **Disposal Instructions**

- Dispose of any damaged or unusable components in accordance with local regulations.
- Do not dispose of reloading materials in regular household waste.
- Contact local waste management authorities for guidance on proper disposal methods for hazardous materials.

## **Contact Information for Further Support**

For any safety inquiries or additional support regarding the Redding Full Length Die Set, please refer to the manufacturer's contact information provided with the product packaging.

Thank you for prioritizing safety while using the Redding Full Length Die Set. By following these guidelines, you can ensure a safe and effective reloading experience.
